MEDICAL PRACTICE LAW OF RHODE ISLAND

Chapter 193 of the General Laws. (As Amended November, 1901, and by Chapter 1579, passed May 22, 1908, of the Practice of Medicine, and as Amended January, 1914.)

Section 1. MEDICAL REGISTER; FEE: It shall be the duty of each town and city clerk to purchase a book of suitable size, to be known as the "medical register" of each city or town, and to set apart one full page for registration of each physician; and when any physician shall die or remove from the city or town the said clerk shall make a note of the same at the bottom of the page, and shall, on the first day of January in each year transmit to the office of the State Board of Health a duly certified list of the physicians of said city or town registered under this chapter, together with such other information as is hereinafter required, and perform such other duties as are required by the chapter; and such clerk shall receive the sum of 50 cents from each physician so registered which shall be his full compensation for all duties required under this chapter.

Sec. 2. REQUIREMENTS; REGISTRATION; FALSE AFFIDAVITS: It shall be unlawful for any person to practice medicine or surgery in any of its branches within the limits of this state who has not exhibited and registered, in the city or town clerk's office of the city or town in which he or she resides, his or her authority for so practicing medicine as herein prescribed, together with his or her age, address, place of birth and the school or system of medicine to which he or she proposes to belong; and the person so registering shall subscribe and verify by oath, before such clerk, an affidavit containing such facts, which, if wilfully false, should subject the affiant to conviction and punishment for perjury.

Sec. 3. CERTIFICATE; EXAMINATION; TO WHOM NOT APPLIED; FEE: Authority to practice medicine under this chapter shall be a certificate from the State Board of Health, and said board shall, upon application, after examination, issue a certificate signed by the president and countersigned by the secretary of said board, to any reputable physician who intends to practice medicine or surgery in this state who presents satisfactory evidence of graduation from a medical school in good standing and who shall present himself before the State Board of Health and pass in a satisfactory manner such examination as said board may require; provided, however, that the provisions of this section shall not apply to any person lawfully engaged in the practice of medicine or surgery in this state on the 22d day of May, 1908. Any physician so presenting himself for examination shall present to said board a receipt of the general treasurer that he has paid into the state treasury the sum of twenty dollars ($20), as a fee for such examination, and said fee shall in no case be returned: Provided, however, that an applicant who fails to pass an examination satisfactory to the board, and is therefore refused registration, shall be entitled, within one year after such refusal to a reexamination at a meeting of the board called for the examination of applicants, without the payment of an additional fee.

Sec. 4. ITINERANT DOCTORS: Nothing in this chapter shall be construed as to authorize any itinerant doctor to register or to practice medicine in any part of this state.

Sec. 5. REFUSAL TO GRANT CERTIFICATE; REVOCATION; PUNISHMENT: The board may, after due notice and hearing, in its discretion, refuse to grant the certificate provided for in Section 3 of this chapter to any physician who is not of good moral character, or who has violated any of the laws of the state, or who has been guilty of gross unprofessional conduct or conduct of a character likely to deceive or defraud the public, and may, after due notice and hearing, revoke any certificate issued or granted by it heretofore for like cause or for any fraud or deception committed in obtaining such certificate, or for any other cause which in the opinion of said board shall render the holder of such certificate an unfit person to practice medicine in this state.

The members of said board are hereby severally authorized to administer oaths, and said board, in all cases and proceedings pending before it, is hereby authorized and empowered to summon witnesses by subpoena signed by the secretary of said board, and to compel such witnesses to attend and testify in the same manner as witnesses are compelled to appear and testify in either division of the Supreme Court, and said board is authorized to compel the production of all papers, books, documents, records, certificates or other legal evidence that may be necessary or proper for the determination and decision of any question or the discharge of any duty required by law of said board, by issuing a subpoena duces tecum signed by the secretary; and every person disobeying any such writ shall be considered as in contempt, and said board may punish any contempt of its authority in like manner as contempt may be punished by either division of the Supreme Court. Any person who shall wilfully swear falsely in any proceeding, matter or hearing before said board shall be deemed guilty of the crime of perjury. Said board shall serve a copy of its decision or ruling on any person whose certificate has been refused or revoked. Any person aggrieved by any decision or ruling of said board may, within ten days after receiving said notice, exclusive of Sundays and legal holidays, take an appeal therefrom to the appellate division of the Supreme Court, sitting at Providence, and shall fill therein his reasons of appeal, and serve a copy thereof on the secretary or person performing the duties of secretary of said board; and said appellate division of the Supreme Court shall, as soon as may be, hear and determine said appeal.

Sec. 6. EXEMPTION: Nothing in this law shall be so construed as to discriminate against any particular school or system of medicine, or to prohibit gratuitous services in case of emergency; nor shall this chapter apply to commissioned surgeons of the United States Army, Navy or Marine Hospital Service, or to legally qualified physicians of another state, called to see a particular case, in consultation with a registered physician of this state, but who do not open an office or appoint any place in this state where they may meet patients or receive calls.

Sec. 7. COMPLAINTS FOR VIOLATION: Complaints for violation of the provisions of this chapter shall be made by the secretary of said board, and said secretary shall be exempt from giving surety for costs on any complaint made as aforesaid.

Sec. 8. VIOLATION; PENALTY: Any person who, not being then lawfully authorized to practice medicine within this state, and so registered according to law, shall practice medicine or surgery or attempt to practice medicine or surgery, or any of the branches of medicine or surgery, after having received therefor or with the intent of receiving therefor, either directly or indirectly, any bonus, gift or compensation, or who shall open an office with intent to practice medicine or shall hold himself out to the public as a practitioner of medicine, whether by appending to his name the title of doctor or any abbreviation thereof, or M.D., or any other title or designation implying a practitioner of medicine, or in any other way, shall be deemed guilty of a misdemeanor, and on conviction thereof shall be fined fifty dollars ($50), and on each and every subsequent conviction shall be fined one hundred dollars ($100) and imprisoned thirty (30) days, either or both, in the discretion of the court, and in no case when any provision of this chapter has been violated shall the person so violating such provision be entitled to receive compensation for services rendered.

A CHLORINE ANTISEPTIC OF REMARKABLE STABILITY

HYCLORITE has seven times the strength of Dakin's solution, yet has an alkalinity of only one-sixth of 1%, which makes it practically non-irritating to normal tissue.

It possesses a uniform hypochlorite strength (Na O Cl 4.05%) but, unlike other hypochlorite solutions has remarkable keeping qualities. No testing is needed in making a Dakin Sol. It is merely diluted with water to desired strength.

Hyclorite does not inhibit leukocytosis and phagocytosis, It has a rapid solvent action on necrotic tissue, produces lymph flow and promotes prompt healing.

Hyclorite is used full strength or diluted to suit the case. In proper dilution, Hyclorite is isotonic. Effective in dilutions as high as 1-2000, it is very economical, and is efficient in all conditions where the use of a hypochlorite antiseptic is indicated.

MEDICAL PRACTICE LAW OF SOUTH CAROLINA

An Act

To regulate the practice of medicine in South Carolina, to provide for a state board of medical examiners, and to define their duties and powers.

Section 1. Be it enacted by the general Assembly of the State of South Carolina, That on and after the approval of this Act no person shall practice medicine or surgery within the state unless he or she is twenty-one years of age, and either has been heretofore authorized so to do, pursuant to the laws in force at the time of his or her authorization, or is hereafter authorized to do so by subsequent subdivisions of this Act.

Sec. 2. DEFINITION: Any person shall be regarded as practicing medicine, within the meaning of this Act, who shall as a business treat, operate on or prescribe for any physical ailment of another, or who shall engage in any branch or specialty of the healing art, or who shall diagnose, cure, relieve in any degree, or profess or attempt to diagnose, cure or relieve any human disease, ailment, defect, abnormality or complaint, whether of physical or mental origin, by attendance or by advice, or by prescribing or using or furnishing any drug, appliance, manipulation, adjustment, or method, or by any therapeutic agent whatsoever. But nothing in this Act shall be construed to prohibit service in cases of emergency or the domestic administration of family remedies; Provided, That nothing herein contained shall apply to those who practice the religious tenets of their church without pretending a knowledge of medicine or surgery, and provided that the laws, rules and regulations relating to contagious diseases and sanitary matters are not violated; Provided, That nothing in this Act shall be construed to prohibit licensed druggists from selling, using and dispensing drugs in their places of businesses, respectively.

Sec. 3. BOARD OF EXAMINERS: There shall be established a State Board of Medical Examiners, composed of eight reputable physicians or surgeons, one from each of the seven congressional districts, and one from the state at large, to be nominated by the State Medical Association, and appointed and commissioned by the governor. The terms of office of the members of the board shall be for a perior of four years, and until their successors in office shall have been appointed and qualified. Any vacancy in said Board of Examiners by death, resignation, or otherwise, shall be filled in the same manner as above specified; Provided, That the governor shall have the right to reject any or all of the members nominated upon satisfactory showing as to the fitness of those rejected. In case of such rejection, former members of the board shall hold over until their successors can be chosen in the manner as above provided.

The members of the board first appointed under the provisions of this section shall be divided into four classes.

The first class to consist of one member from the first and the other from the third congressional district; the second class, one member from the second and the other from the fourth congressional district; the third class, one member from the fifth and the other from the seventh congressional district; the fourth class, one member from the sixth congressional district and the other from the state at large. The first class shall hold office under said first appointment for the period of one year; the second class for the period of two years; the third class for the period of three years, and the fourth class for the period of four years. Each year the State Medical Association shall nominate two members to succeed the two members whose terms expire; Provided further, That the first nomination herein provided for shall be held at the next annual meeting of said State Medical Association, and the members of the State Board of Examiners, as constituted under law existing at the time of the passage of this Act, shall continue as the State Board of Examiners hereunder until appointment and qualification of members of said board as hereinabove provided.

Sec. 4. MEETINGS: The State Board of Medical Examiners shall meet regularly at Columbia, S. C., on the fourth Tuesday in June of each year, and continue in session until all applicants are duly examined. Should the board deem it expedient, its regular meeting may be held at a later date than the fourth Tuesday in June, but in such event notice of the date of meeting must be published ten days prior to the date of the meeting. At their first meeting they shall organize by the election of a president, and a secretary, who shall also be treasurer, and said board shall have power to call extra meetings when necessary for the examination of applicants and for the transaction of such business as may properly come before it and to make all necessary by-laws and rules for their government. A majority of said board shall constitute a quorum for the transaction of business.

Sec. 5. REGISTRATION; FEES; TEMPORARY LICENSES: It shall be the duty of said board, when organized, to examine all candidates for examination, as hereinafter provided and described, and to pass upon their qualifications and fitness to practice medicine in this state, and to give to each successful applicant a certificate to that effect, provided, that each applicant before being allowed to take said examination shall pay to the treasurer of said board a fee of twenty-five dollars ($25), one-half of which shall be returned if the applicant fails to secure a certificate of qualification. Such certificate of qualification shall entitle the holder or holders thereof, respectively, to be registered as a lawful practicing physician by the clerk of court of the county in which he or she, or they, may reside, upon payment to said clerk of court of a fee of 25 cents for each registration. No physician will be considered as a legally qualified practitioner, or as having fully complied with the law, until he shall have obtained said registry. In the interim, between the meetings of the board, the president and secretary of the board shall be allowed to grant temporary license to practice medicine until the next regular meeting of the board, to each person as would under this section be eligible for examination. Said temporary license shall not entitle the holder to registry with the clerk of court of the county in which he resides, but at the next regular meeting of the board the applicant must appear for the regular examination for permanent license and surrender said temporary license for cancellation.

Sec. 6. REVOCATION OF LICENSES: The said Board of Medical Examiners is hereby authorized and empowered to suspend or revoke, subject on appeal to revision by the circuit courts of the state, by a majority vote of its total membership, the license of any practitioner qualified under any provision of this Act, and whether qualified prior or subsequent to the passage of this Act, after due notice and fair opportunity for hearing, upon its being made satisfactorily to appear that the holder thereof is guilty of felony or gross immorality, or is addicted to the liquor or drug habit to such a degree as to render him or her unworthy or unfit to practice medicine in this state, or has been convicted in a court of competent jurisdiction of illegal practice. And the said board is further authorized and empowered to administer oaths in the taking of testimony upon any and all matters pertaining to the business or duties of the board; Provided, That pending an appeal under this section the doctor under charges shall practice his or her profession until the decision of the tribunal appealed to.

Sec. 7. REQUIREMENTS FOR LICENSE: All persons who hold diplomas dated prior to March 20, 1904 from any medical college or schools of established reputation as reorganized by the board, and who present certificates of their good moral character and of their sobriety from some reputable person or persons known or approved by the board, and who give evidence of sufficient preliminary education (equivalent to the possession of a teacher's first grade certificate), shall be eligible for examination before the board, irrespective of their time of attendance upon medical lectures; but no person who shall have graduated after March 20, 1904, and prior to the passage of this Act, shall be eligible to appear before the board for examination unless he or she shall give evidence in addition to his or her good moral character and sobriety and sufficient preliminary education, that he or she has attended four full courses of lectures of at least twenty-six (26) weeks each, no two courses being in the same year, and has received a diploma of M.D. therefrom; Provided, That applicants in 1920 and thereafter must have such preliminary and medical education as may be prescribed by the board.

Sec. 8. EXAMINATIONS: For each examination the board shall seasonably prepare suitable questions for thoroughly testing the knowledge of the applicants in the following subjects: Anatomy, physiology, hygiene and sanitary science, materia medica and therapeutics, chemistry, toxicology, urinalysis, bacteriology, pathology, surgery, practice of medicine, pediatrics, obstetrics and gynecology, medical jurisprudence, and such other subjects as the board may deem necessary. Said examinations conducted by the board shall be written in the English language, but may, at its discretion, be by oral or practical laboratory or bedside examination, or both. In case of failure at any examination, the applicant shall have the privilege of a second examination with the payment of the regular fee. In case of failure in a second examination, the applicant, to be eligible, in addition to

the requirements for previous examinations, must have pursued his studies for such time as the board may approve and furnish satisfactory evidence thereof.

Sec. 9. NATIONAL BOARD OF MEDICAL EXAMINERS: The board may grant certificates to licentiates of the National Board of Medical Examiners without further examination, and shall have the power to make and establish all necessary rules and regulations for the reciprocal recognition of certificates issued by other state boards having an equal standing.

Sec. 10. PASSING GRADE: The standard required by the State Board of Medical Examiners shall be an average of not less than 75 per cent. on all the branches examined upon, and not less than 60 per cent. on any individual branch.

Sec. 11. RECORDS; REGISTER: The board shall keep a record of all the proceedings thereof, and also a record of register of all applicants for a license, together with his or her age, time spent in the study of medicine, and the name and location of all institutions granting such applicant's degrees or certificates of lectures in medicine or surgery. Said books and register shall be prima facie evidence of all matters therein recorded.

Sec. 12. BOARD EXPENSES: Each member of said examining board shall receive for his services traveling expenses at the rate of five cents per mile and five dollars ($5) per day for each day engaged Said compensation to be paid from the state treasury, upon the certificate of the president of the board, countersigned by the secretary. The license fees collected from applicants shall be turned in to the state treasury. There shall be set aside from said fees each year the sum of one hundred dollars (if so much be needed) as a contingent fund, for the purpose of supplying the secretary with necessary stamps, stationery, expenses of printing proceedings of the board, the balance of said license fees, if any, shall be turned into the general fund of the state.

Sec. 13. EXEMPTIONS: This Act shall not apply to surgeons of the United States Army, Navy or Public Health Service, practicing in the discharge of their official duties as such, nor to physicians or surgeons of other states or territories in actual consultation with a licensed physician or surgeon of this state, and shall not be construed to apply or to change existing law relating to dentists, trained nurses, pharmacists, opticians and optometrists or midwives.

Sec. 14. SECTARIAN PRACTITIONERS: Osteopaths, homeopaths, chiropractors, naturopaths, magnetic healers and other practioners of any branch of the healing art may practice such branch or specialty within this state by obtaining from the State Board of Medical Examiners, by the same method as is herein provided for the obtaining of licenses to practice allopathic or regular medicine, a license to practice such branch or specialty, which license shall not be granted until the applicant shall have successfully passed the examinations required of applicants to practice allopathic or regular medicine (save that examinations in materia medica, major surgery and therapeutics and the practice of medicine shall not be required), and shall also exhibit to the said board a diploma from a college, showing that the applicant has graduated therefrom, in the said specialties, which college shall be one the course of instruction in which shall have been investigated and approved by the said board, and which shall be found by the said board to teach such subjects and to conduct courses containing such number of hours, lasting over such number of years, as shall satisfy the said board that the competency of the applicant has been assured by graduation therefrom.

Sec. 15. ONLY REGISTERED LEGALLY RECOGNIZED: Any practitioner of medicine or surgery or any branch or specialty of the same, within the meaning of this act, failing to comply with the requirements of this Act, shall not be exempt from jury or military duty, nor be permitted to collect any fees or charges for services rendered, nor be allowed to testify as a medical or surgical expert in any court in this state, nor execute any certificate as a physician or surgeon nor to hold any medical office, nor to be recognized by the state or county or municipal corporation as a physician or surgeon; nor shall he be entitled to enjoy any of the privileges, rights or exemptions granted to physicians or surgeons by the laws of this state.

Sec. 16. APPEAL FROM BOARD: Upon the refusal of the board to grant a license to any applicant an appeal may be had to the governor, who may order reexamination of the applicant, to be held in the presence of the dean of the faculty of any regular medical college in this state, and a committee composed of seven allopathic or regular physicians.

Sec. 17. PENALTY FOR UNLICENSED PRACTICE: It shall be unlawful for any person or persons to practice medicine or surgery or any branch or specialty of the same, within the meaning of this act, in this state who has failed to comply with the provisions of this Act, and any one violating said provisions shall be deemed guilty of a misdemeanor, and for each offense, upon conviction by any court of competent jurisdiction, shall be fined in any sum not less than one hundred dollars ($100) nor more than five hundred dollars ($500), or imprisonment in the county jail for a period of not less than thirty (30) nor more than ninety (90) days or both, at the discretion of the court, and that each day of such violation shall constitute a separate offense. One-half of said fine to go to the informant and the other half to the state.

Sec. 18. VALIDITY: In the event that any provision or part of this Act shall be held to be invalid, the remainder of this Act shall not be invalid, but shall remain in full force and effect.

Sec. 19. CONFLICTING ACTS REPEALED: All acts and parts of acts inconsistent herewith are hereby repealed.

Approved the 10th day of March, A.D., 1920.

MEDICAL PRACTICE LAW OF SOUTH DAKOTA

An Act

Be it enacted by the Legislature of the State of South Dakota:

Section 1. **BOARD CREATED:** There is hereby created a Board of Public Health and Medical Examiners, the members of which are to be appointed by the governor, all of whom shall be resident physicians of the state, in good standing, and shall have resided and practiced within this state not less than five years preceding their appointment. The school known at the regular homeopathic shall at all times be represented upon such board.

Sec. 2. **APPOINTMENT:** Immediately after the taking effect of this Act, the governor shall appoint five skilled and capable physicians, who shall constitute the State Board of Health and Medical Examiners, one of whom shall be appointed for the term ending July 1, 1918, and one for the term ending July 1, 1919, and one for the term ending July 1, 1920, and one for the term ending July 1, 1921, and one for the term ending July 1, 1922, and thereafter, on or about the first day of July in each year, the governor shall appoint a member of said board to succeed the member whose term of office then expires, and such appointment shall in each instance be for a term of five years.

Sec. 3. **OFFICERS:** The governor shall in his commission of appointment designate which member of said board shall be superintendent thereof. At the first meeting after their appointment the members thereof shall organize said board by electing a president and vice-president. The superintendent of said board shall be ex-officio secretary.

Sec. 4. **MEETINGS; DUTIES:** The said board shall hold quarterly meetings in each year, two of which shall be at the state capitol and other meetings at such times and places as the superintendent of said board shall designate, and shall have power as follows:

(1) To exercise general supervision over all health officers and boards, to take any active measures for the prevention and eradication of contagious or communicable diseases among people of the state, investigate sanitary conditions, learn the cause and source of disease and epidemics, observe the effect upon human health of localities and employments, and gather and diffuse proper information upon all subjects to which its duties relate; to gather, collate and publish medical and vital statistics of general value, and advise all state officials and boards in hygiene and medical matters, especially those involved in the proper location, construction, sewerage and administration of prisons, hospitals, asylums and other public institutions.

(2) To adopt, alter and enforce reasonable regulations of permanent application throughout the whole or any portion of the state, or for specified periods in parts thereof, for the preservation of the public health. Upon the approval of the attorney general, and the due publication thereof, such regulations shall have the force of law, except insofar as they may conflict with a statute or with the charter or ordinances of a city of the first class upon the subject, and in and by the same the board may control by requiring the taking out of licenses and permits, or by other appropriate means, any of the following matters:

(a) The manufacture into articles of commerce, other than food, of diseased, tainted or decayed animal or vegetable matter.

(b) The business of seavengering and the disposal of sewage.

(c) The location of mortuaries and cemeteries and the removal and burial of the dead.

(d) The management of lying-in houses and boarding places for infants, and the treatment of infants therein.

(e) The pollution of streams and other waters and the distribution of water by private persons for drinking or domestic use.

(f) The construction and equipment, in respect to sanitary conditions, of schools, hospitals, almshouses, prisons and other public institutions.

(g) The treatment in hospitals and elsewhere of persons suffering from communicable diseases, the disinfection and quarantine of persons and places in case of such disease, and the reporting of sickness and deaths therefrom.

(h) The accumulation of filthy and unwholesome matter to the injury of the public health, and the removal thereof.

(i) To require the superintendent of vital statistics to furnish all information that he may have regarding vital statistics.

(j) The supervision of slaughter houses.

(k) The distribution by the State Board of Health of biological products to members of the county boards of health, which products shall be used for the cure and prevention of diphtheria and other communicable diseases.

(l) To license and regulate the practice of medicine and surgery within the state of South Dakota, and to make all the rules and regulations which may be necessary or expedient to that end.

Sec. 5. **PUBLICATION; PENALTIES:** Such regulations, if of general application throughout the state, shall be published in a daily newspaper of general circulation in the state, once each week for three consecutive weeks; if of local application only, as near such locality as practicable, which publication shall be made in an official newspaper of the county where such publication is made. Special rules applicable to particular cases shall be sufficiently noticed when posting. Every person violating any such regulations, or any lawful direction of a board of health or officer, shall be guilty of a misdemeanor. Fines collected shall be paid into the state treasury, and credited to the perpetual school fund Copies of such regulations when certified by the superintendent of said board shall be admissible in evidence without further proof.

Sec. 8. **FEES:** The superintendent of said board shall devote his time and attention to the performance of his duties, and shall receive an annual salary of two thousand dollars ($2,000), payable in monthly installments, and his actual and necessary expenses. The other members of said board shall receive as their compensation the sum of five dollars ($5) per day while actually engaged in the performance of their duties, and in addition thereto five cents (5c) per mile for each mile actually and necessarily traveled, and their actual and necessary expenses.

Sec. 9. **AUDIT:** The accounts of the members of said board for expenses and per diem shall be audited by the superintendent thereof and paid out of the state treasury on the warrant of the auditor upon properly certified vouchers.

Sec. 10. **RECORDS:** The said board shall keep a correct record of all its proceedings, and the same shall be open for public inspecion. It shall also keep a register of all applicants for a license to practice as a physician and surgeon, or either, within this state, together with the age of such applicant, the time spent in preparation in the study of medicine, the location and name of all institutions in which said study has been pursued, the name and location of all institutions granting to applicant any degrees or certificates of lectures in medicine or surgery, and such record shall show whether said applicant was rejected or licensed under this Act, and said record or a certified copy of the entry thereof shall be prima facie evidence of all matters therein stated.

Sec. 11. **APPLICATION; EXAMINATION:** Any person desiring to engage in the practice of medicine or surgery or obstetrics in any of their branches in this state shall make application to said board for a license to practice medicine, surgery or obstetrics in the state of South Dakota. Such license shall be granted to such applicants who shall give satisfactory proof of being at least 21 years of age, of good moral character, on compliance with the following conditions: The applicant shall pass an examination upon the following subjects: Anatomy, physiology, chemistry, pathology, therapeutics, practice of medicine, surgery, obstetrics, gynecology, diseases of the eye and ear, nose and throat, bacteriology, medical jurisprudence, and such other branches as the board may deem advisable, and in addition thereto shall present evidence of having attended four full courses of lectures of at least twenty-six weeks each in a legally organized and reputable medical college recognized by said Board of Public Health and Medical Examiners, no two courses being in the same year, and of having received a diploma from a legally organized and reputable medical college which shall be in good standing, to be determined by the board, and said diploma must be submitted to the board for inspection and verification; provided, that the four courses of lectures of six months each shall not apply to applicants graduating prior to 1898.

Sec. 12. **EXAMINATION:** The examination required by the preceding section shall be conducted as follows:

(1) The applicant before taking the examination shall pay to the superintendent of the board an examination fee of twenty dollars ($20).

(2) The examination shall be in writing, or oral, or both, as the board may determine.

(3) The questions on all subjects, except therapeutics and practice of medicine, shall be such as are answered alike by all schools of medicine. And no license shall be refused

any applicant because of his adherence to any particular school of medicine. Each applicant shall be required to attain an average percentage of at least 75 per cent. of correct answers. Any applicant failing on such examination shall be eligible to second examination at any regular meeting of the board or at such times as the board may designate without the payment of an additional fee.

Sec. 13. LICENSE: To each applicant successfully passing said examination and fulfilling all other requirements of this Act, the said board shall grant a license to practice medicine and surgery and obstetrics in all branches in the state of South Dakota. Such license shall be granted only by the consent of a majority of said board. All examination papers and questions submitted on examination shall be kept for reference and inspection for a period of not less than three years.

Sec. 14. RECIPROCITY: The said board may, in its discretion, accept "a license" upon the payment of the license fee and without examination, any license which shall have been issued to the applicant by the examining board of the District of Columbia, or any state or territory of the United States, if the legal requirements of such examiningg board at the time of issuing such license or certificate shall be in no degree or particular less than those of the state of South Dakota at the time when such license is presented for registration; provided, that the provision of this section shall apply to such certificates or licenses issued by examining boards as accept and register licenses or certificates issued by the Board of Public Health and Medical Examiners of this state. Each applicant upon making application under the provisions of this Act shall pay to the superintendent of said board a license fee of twenty dollars ($20).

Sec. 15. The board shall have the power and authority to refuse to grant a license under this Act, for unprofessional, immoral or dishonorable conduct on the part of the applicant.

Sec. 16. REVOCATION: The said board shall have the power and authority to revoke the license of any physician or surgeon heretofore or hereafter granted upon complaint made under oath by a reputable person if it shall satisfactorily appear to the board that such physician or surgeon has been guilty of unprofessional, immoral or dishonorable conduct, or has been convicted of a felony, or if such physician or surgeon publicly professes or claims to cure or treat disease, injury or deformity in such a manner as to deceive the public, or shall be grossly incompetent; provided, however, that no license shall be revoked except after a hearing before the board upon notice of not less than ten days, with a copy of the complaint having been duly served upon the adverse party, and then only upon due proof of the facts alleged in the complaint.

Sec. 17. UNPROFESSIONAL AND DISHONORABLE CONDUCT: The words "unprofessional or dishonorable conduct," as used in this Act, shall be construed to include:

First. Producing or aiding and abetting a criminal abortion.

Second. The employing of what is known as cappers and steerers.

Third. The obtaining of any fee on the assurance that a manifestly incurable disease can be permanently cured.

Fourth. Wilfully betraying a professional secret.

Fifth. All advertising of medical business in which untruthful or improbable statements are made or which are calculated to mislead or deceive the public.

Sixth. All advertising of any medicine or any means whereby the monthly periods of women can be regulated or the menses reestablished. if suppressed.

Seventh. Conviction of any offense involving moral turpitude.

Eighth. Habitual intemperance.

Ninth. Refusal or neglect to report the existence of a diseased or insanitary condition to the proper health authorities, as prescribed by the regulations of said board.

Tenth. Prescribing intoxicants to any person in quantities and under circumstances making it apparent to the State Board of Public Health and Medical Examiners that such prescription was not made for legitimate medicinal purposes.

Eleventh. Splitting fees or giving to any person furnishing a patient any portion of the fees received from such patient or paying or giving to any person any consideration whatever for furnishing such patient.

Sec. 18. RECORDING LICENSE: Any person receiving a license to practice as hereby provided shall record the same in the office of the register of deeds of the county where he resides and is engaged in practice, and the said register of deeds shall, on or before the 1st day of January and July in each year, furnish to the superintendent of said board a list of all licenses recorded. All moneys received by said board shall be paid into the state treasury and shall be credited to the general fund of the state, and a receipt in duplicate be filed with the superintendent of said board in the office of the state auditor.

Sec. 19. ITINERANT PHYSICIANS AND FEE: Itinerant physicians must procure itinerant licenses. Any physician practicing medicine, surgery or obstetrics or professing or attempting to treat, cure or heal diseases, ailments or injuries by any medicine, appliance or method who goes from place to place, or from house to house, or by circulars, letters or advertisements solicits persons to accept treatment from himself or others, at places other than his office at the place of his permanent residence, is hereby declared to be an itinerant physician, and shall in addition to the ordinary physicians's license as in this Act provided, procure an itinerant's license from the State Board of Public Health and Medical Examiners, for which he shall pay the superintendent of the board the sum of one thousand dollars ($1,000) per annum; upon the payment of said sum of one thousand dollars ($1,000) the board shall issue to the applicant therefor a license to practice within the state as an itinerant physician for one year from the date thereof.

Sec. 20. PENALTY FOR PRACTICING WITHOUT A LICENSE: Any person practicing medicine, surgery or obstetrics in any of their branches as an itinerant physician as in Section 19 hereof defined, without having procured such itinerant license, shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than five hundred dollars ($500) nor more than eight hundred dollars ($800) or imprisonment in the county jail not less than thirty (30) days nor more than ninety (90) days or by both such fine and imprisonment.

Sec. 21. UNLAWFUL TO USE TITLE AND PRESCRIBE, WHEN: When a person shall append or prefix the letters M.B. or M.D., or the title of Dr. or Doctor, or Specialist, or any other sign or appellation in a medical sense, to his or her name, or shall profess publicly to be a physician or surgeon, or who shall recommend, prescribe or direct for the use of any person any drug, medicine, apparatus or other agency for the cure, relief or palliation of any ailment or disease of the mind or body, or for the cure or relief of any wound, fracture or bodily injury or deformity, after having received or with the intent of receiving therefor, either directly or indirectly, any bonus, gift or compensation, shall be regarded as practicing within the meaning of this Act.

Sec. 22. EXEMPTIONS: The provisions of Sections 11, 12, 13, 14, 15, 16, 17, 18, 21 and 25 of this Act shall not apply to commissioned surgeons of United States Army, Navy, or Marine Hospital Service in the actual performance of their duties, nor to regularly licensed physicians or surgeons from outside this state in actual consultation with physicians of this state, nor to dentists or osteopaths in the legitimate practice of their profession, nor to Christian Scientists as such, who do not practice medicine, surgery or obstetrics by the use of any material remedies or agents, nor to resident physicians and surgeons of this state regularly licensed and practicing in this state at the time of the taking effect of this Act.

Sec. 23. UNLAWFUL PRACTICE; PENALTIES: Any person practicing or who shall practice medicine, surgery, obstetrics, or any of the branches thereof, in the state of South Dakota, without having obtained a license as provided herein, and caused the same to be recorded as herein required, or any person who shall submit to the Board of Medical Examiners any false, forged or fraudulent diploma, or one of which he is not the lawful owner, or any false or forged affidavit of identification, for the purpose of obtaining from said board the license required by this Act, or who shall file or attempt to file with the register of deeds of any county in this state any such license belonging to another, representing the same to be his own, or any such license issued to another having names of the person to whom it was granted or issued erased therefrom and his own name, or the name of another inserted in its place, or who shall falsely personate any one to whom such license was granted, shall be deemed guilty of a misdemeanor.

Sec. 24. PROSECUTION: It shall be the duty of the state's attorney to prosecute any and all violations of this Act committed in his county.

Sec. 25. APPEAL: Any person feeling aggrieved by any action of said board shall have the right to appeal to the circuit court of the county in which the person appealing resides. Said appeal shall be taken by serving upon the superintendent of said board a notice of appeal, stating the action of the board from which the appeal is taken, and, if an order, stating such order or so much and such part thereof from which the appeal is taken, and by filing with said superintendent a bond in the sum of five hundred dollars ($500) conditioned for the payment of all costs of said appeal and all damages sustained by any person because of his failure to comply with the terms of said order if, upon such appeal the same shall be held to be legal and valid. Upon the filing and approval of said bond the order appealed from shall be stayed pending the final determination of the controversy. Immediately upon the perfecting of said appeal it shall be the duty of the superintendent of said board to transmit to the clerk of the circuit court of said county the said notice of appeal and bond and a certified copy of all proceedings of said board in relation to the matter from which the appeal is taken and said cause shall thereupon stand for trial at the first regular term of court in said county thereafter.

Sec. 26. The said board shall make to the governor a biennial report showing all of its proceedings and shall contain such recommendations as it shall deem expedient.

Sec. 27. Nothing in this Act shall be so construed as to interfere with the powers and duties of the food and drug commissioner.

Amended Feb. 20, 1917.

KEY TO SPECIALTIES AND SPECIAL SOCIETIES

A SYMBOL DESIGNATING SPECIALTY IS ENTERED ON REQUEST WHENEVER THE PHYSICIAN IS A MEMBER (1) OF A CONSTITUENT STATE ASSOCIATION, (2) OF A SPECIAL SOCIETY OF WHICH THE MEMBERSHIP IS LISTED IN THE DIRECTORY, OR (3) IS A TEACHER IN A MEDICAL SCHOOL CLASSED "A" OR "B" IN THE RATING OF THE COUNCIL ON MEDICAL EDUCATION AND HOSPITALS. SPECIALTIES ARE INDICATED AS FOLLOWS:

S—Surgery.
Ob—Obstetrics.
G—Gynecology.
ObG—Obstetrics and Gynecology.
Or—Orthopedic Surgery.
Pr—Proctology.
Oph—Ophthalmology.
LR—Laryngology, Rhinology.
ALR—Otology, Laryngology, Rhinology.
OALR—Ophthalmology, Otology, Laryngology, Rhinology.
U—Urology.
D—Dermatology.
Pd—Pediatrics.
N—Neurology.
P—Psychiatry.
NP—Neurology and Psychiatry.
I★—Internal Medicine.
T—Tuberculosis.
Anes—Anesthesia
CP—Clinical Pathology.
R—Roentgenology.
Path—Pathology.
Bact—Bacteriology.
PH★—Public Health.

WHEN THE ABBREVIATION DESIGNATING A SPECIALTY IS FOLLOWED BY AN ASTERISK (★) IT INDICATES THAT THE PHYSICIAN CLAIMS HIS PRACTICE IS LIMITED TO THAT PARTICULAR BRANCH OF MEDICINE; WTHOUT THE ASTERISK, THAT HE IS ESPECIALLY INTERESTED IN BUT DOES NOT LIMIT HIS PRACTICE TO, THAT BRANCH. THIS INFORMATION CONCERNING SPECIALTY IS BASED ON PERSONAL DATA FURNISHED BY THE PHYSICIAN AND IS NOT VERIFIABLE.

SPECIAL SOCIETIES

The special societies are grouped under headings A, B, C, D, E, F and G, pages 78-127. The membership a physician holds in these societies is indicated as follows: Doe, John; Ill.1,'97; I'98; A5, F4—43 N. State St. The A5, F4 signify that Dr. Doe is a member of the American Surgical Association and the Chicago Pathological Society.

PRELIMINARY EDUCATION ACT

A Bill to be entitled: "An Act to provide for the preliminary examination of all persons who may hereafter desire to practice medicine, surgery, osteopathy, or any other form of the healing art, in the state of Tennessee; to create a State Board of Preliminary Examination, and to define its powers and duties; to provide compensation for the members thereof; and to prescribe penalties for all violations of this Act."

Section 1. BOARD; DUTIES; MEETINGS; FEES: Be it enacted by the general assembly of the state of Tennessee, That immediately upon the passage of this Act, the governor shall appoint three educators of recognized standing, one from each of the three grand divisions of the state, who shall constitute the State Board of Preliminary Examination, the members of which shall hold office for two, four and six years, respectively, and until their successors are appointed and qualified. The term of each member shall be stated on the face of the certificate of his appointment, and all vacancies that may occur in said board, by death, resignation or otherwise, shall be filled by the governor.

Within thirty days after the first member of said board shall have been appointed, the board shall organize by electing one of its members as chairman and another as secretary-treasurer, and it shall adopt and use a seal which shall be affixed to all certificates which may be issued by the board as provided by this Act.

The board shall have the power to make and enforce all rules and regulations proper and necessary for its conduct, not in conflict with the terms and provisions of this Act, and it shall hold meetings at such times and places as to it may seem proper. Provided, however, that said board shall meet at least once a year in Nashville at a suitable place after the commencement exercises of the various medical schools of the state of Tennessee, for the purpose of conducting an examination of all persons who may desire to practice medicine, surgery and osteopathy, or any other form of the healing art in Tennessee.

A fee of five dollars ($5) shall be paid by every applicant taking the preliminary examination, as in this Act provided, and the expenses of the State Board of Preliminary Examination, as well as the compensation of its members, shall be paid out of the sums so paid by such applicants. The compensation of each member of the board shall be fixed by its resolution or by-law. The provisions of this Act shall not be construed or held to apply to any person who was practicing at the time of the passage of this Act, or who had practiced at any time during the year just preceding the passage of this Act, medicine, surgery, osteopathy, or any other form of the healing art in the state of Tennessee.

Provided further, that this Act shall not apply to Christian Science or to Christian Science practitioners.

Sec. 2. PRELIMINARY EDUCATION; QUALIFICATIONS: Be it further enacted, That before any person shall hereafter practice medicine, surgery, osteopathy, or any other form of the healing art, in the state of Tennessee, or shall treat for compensation by any means whatsoever any diseases of the body or mind, or any ailment, injury or malformation of the human body, he or she shall first present himself or herself to the State Board of Preliminary Examination or shall transmit to said board his or her general educational credentials; provided, however, that any person shall be entitled, prior to entering a medical school, or during his or her attendance therein, to register with the State Board of Preliminary Examination the high school diploma or its equivalent as is by this Act provided, and shall satisfy such board that he or she is a person of good moral character, has received a diploma or its equivalent from some reputable and recognized high school, and that he or she has received a diploma from some reputable and recognized school of medicine, surgery, osteopathy, or other school teaching any form of the healing art, in which is given a course of at least thirty-two months, extending over a period of four years, and which course shall embrace the study of anatomy, physiology, pathology, surgery, gynecology, obstetrics, chemistry, bacteriology, symptomatology, diagnosis, hygiene and sanitation; provided, however, that after the year 1919 all applicants of the regular school of medicine shall have a diploma from a medical school whose curriculum is as high as that of the Medical Department of the University of Tennessee, as published at present in its catalogue; provided further, that the provisions of this Act requiring a preliminary examination shall not extend to or embrace any persons who desire to practice medicine, surgery, osteopathy or any other form of the healing art in Tennessee, who are graduates of reputable professional schools and who have had at least five years' professional experience in other states of the United States.

The State Board of Preliminary Examination, if satisfied that the applicants possess the qualifications as prescribed by this Act, shall issue to such applicants a certificate signed by the chairman and countersigned by the secretary of the board and under the official seal of the board, which certificate shall state that the person to whom it is issued is qualified to stand the professional examination that is now, or may be hereafter, required by law before the State Board of Medical Examiners, or the State Osteopathic Examining Board, and nothing in this Act contained shall be construed as abolishing or interfering with the professional examination that is now, or may hereafter be required by law, as it is the intention of this Act only to test and certify the qualifications of applicants before they can legally take the professional examination required by law; provided, however, if for any reason the State Board of Preliminary Examination is not satisfied that any applicant possesses the qualifications required by this Act, it may cause such applicant to be examined as to his or her general educational qualifications by a committee to be appointed by the State Board of Preliminary Examination, and this examination may be held, even though such applicant possess the diploma or equivalent thereof, as is by this Act provided.

Sec. 3. PENALTIES: Be it further enacted, That no professional examination shall be given by the State Board of Medical Examiners or by the State Osteopathic Examining Board, or by any other medical or surgical examining board, unless the applicant shall have first presented to such board the certificate of the State Board of Preliminary Examination as prescribed by Section 2 of this Act, and any applicant who shall undertake to stand such examination before the above named boards without having this certificate so issued to him or her prior to such examination shall be guilty of a misdemeanor, and upon conviction thereof, shall be fined not less than fifty dollars ($50), nor more than five hundred dollars ($500) for such offense, and the license of the above named boards for professional examination shall be null and void if issued to any person who has not, before taking such examination, submitted himself or herself to the State Board of Preliminary Examination and received the certificate of such board as is by this Act provided.

Sec. 4. PENALTIES: Be it further enacted, that any person who desires hereafter to practice medicine, surgery, osteopathy, or any other form of the healing art in Tennessee, and who shall attempt to obtain the required certificate of the State Board of Preliminary Examination by fraud, artifice or any other unlawful or improper practice, shall not be given a certificate by such board until the lapse of five years from the date of such attempted unlawful and improper practice.

Sec. 5. Be it further enacted, That all laws or parts of laws in conflict with the provisions of this Act be, and the same are, hereby repealed.

Sec. 6. Be it further enacted, That this Act take effect from and after its passage, the public welfare requiring it.

Approved April 1, 1915.

MEDICAL PRACTICE LAW OF TENNESSEE

An Act

To regulate the practice of medicine and surgery in the state of Tennessee, and to define and punish offenses committed in violation of this Act; and to repeal an Act passed April 3, 1889, and approved April 4, 1889, and being Chapter 178 of the Acts of 1889, entitled "An Act to regulate the practice of medicine and surgery in the state of Tennessee"; and to repeal all acts amendatory to said Chapter 178 of the Acts of 1889. Amended April 10, 1919.

Section 1. LICENSE REQUIRED; TO WHOM NOT APPLIED: Be it enacted by the general assembly of the state of Tennessee, That no person shall practice medicine in any of its departments within this state unless and until such person shall have obtained a certificate of license from the State Board of Medical Examiners hereinafter created, and shall have recorded in the county clerk's office in the county or counties in which he proposes to practice; provided, however, that the provisions of this Act shall not apply to any person or persons who at the time of its passage are duly and regularly licensed by law to practice medicine in any of its branches in this state; and provided further, that the provisions of this Act shall not apply to any graduate of a reputable medical college, who has been a practitioner of medicine or surgery for more than ten years in the state of Tennessee, at the date of the passage of this Act.

Sec. 2. STATE BOARD OF EXAMINERS: Be it further enacted, That there shall be a

board, to be known as the State Board of Medical Examiners, and to consist of six graduate physicians of not less than six years' experience each in the practice of medicine or surgery, one or both, two of whom shall reside in each grand division of the state, and whose duty it shall be to examine into the qualifications of all applicants for certificates of license to practice medicine or surgery in this state; provided, however, that the three schools of medicine shall be represented on said board of examiners as follows: Four representatives from the regular school of medicine, one from the eclectic, one from the homeopathic school of medicine; and, provided also, that no member of said board shall be connected with any medical college of the state or State Board of Halth.

Sec. 3. APPOINTMENT; TERM: Be it further enacted, That the members of said board shall be appointed by the governor, and shall hold office for a term of four years; but all vacancies occurring in the board by reason of death or resignation shall be filled by the board itself for the unexpired term; provided, however, that the first board shall be appointed upon the expiration of the term of the present board, shall be appointed as the term of the present members of the board expires, and shall within thirty days from said appointment meet and organize, and shall serve one from each grand division of the state for two years, and one from each grand division for four years, deciding by lot or agreement among themselves as to their respective terms of office.

Sec. 4. ORGANIZATION: Be it further enacted, That the state board is authorized to elect from its own members a president and secretary, and to create other offices and to adopt such by-laws as may be necessary and proper for the efficient operations of the board. Three members shall constitute a quorum, and a majority of those present shall be necessary to reject any application; but such rejection shall not bar the applicant from a reexamination after the lapse of six months.

Sec. 5. MEETINGS: Be it further enacted, That a regular meeting of the board shall be held once each year in the city of Nashville, Tenn., so long as the period of temporary licenses hereinafter provided for shall continue, and shall thereafter be held semi-annually in the said city of Nashville; but special meetings may be held oftener upon the call of the president.

Sec. 6. EXAMINATION; SUBJECTS: Be it further enacted, That persons desiring to obtain a certificate of license to practice medicine or surgery in this state shall make application therefor in writing to said State Board of Medical Examiners, which application shall be accompanied by the examination fees hereinafter prescribed, and by satisfactory proof that the applicant is of good moral character. When these preliminary requirements are satisfied, the applicant shall then present himself before the board for examination upon the following branches, viz.: Anatomy, physiology, chemistry, pathology, surgery, ostetrics, materia medica, and practice; but the member or members of the board representing each separate school of medicine shall have the right to examine all applicants of that school in the branches peculiar to the teachings of that school, and the board shall accept the grade placed by such member or members upon such special branches; provided, however, that graduates of any reputable medical college in the state of Tennessee shall, until June 1, 1902, be granted a certificate of license by said board without reference to the number or lengths of terms attended, and without examination hereinabove described; but this proviso shall cease and determine after June 1, 1902.

Sec. 7. SPECIAL EXAMINATIONS: Be it further enacted, That the two members of said board in each grand division of the state shall, at such time or times as the board may direct, meet at some convenient point in their respective divisions for the purpose of examining applicants for permanent licenses. Such meetings shall be held at stated periods, and the questions to be propounded upon such examinations shall have been determined upon in advance by the board, and shall be identical in each division; and such examination shall be held on the same day in each division, and under uniform rules and regulations, to be adopted by the board. The examination papers shall be sealed up and carried to Nashville to the annual meeting of the board, graded and passed upon by the board in annual session, and the results declared and certificates issued to those entitled to receive them. The board, or any of its respective sections, may, at the option of the members, supplement such written examination by an oral examination, and the recorded value of such oral examination may be given such importance as each member of the board sees fit.

Sec. 8. PERMANENT LICENSE: Be it further enacted, That, if the applicant for examination shall thereupon be found worthy and competent by the board, it shall issue to him a certificate of permanent license, in accordance with the facts in each case, to practice medicine or surgery in this state.

Sec. 9. TEMPORARY LICENSE: Be it further enacted, That, in order to prevent delay and inconvenience, the two members of the board of any grand division of the state may grant a certificate of temporary license to any applicant who is permanently located as a resident of some designated place in that division of the state, upon satisfactory evidence to them that such applicant possesses the qualifications hereinabove required, and upon examination by them of such applicant in the subjects named in Section 6 of this Act, and make report thereof to the next regular meeting of the board. Such temporary license shall not continue in force longer than until the conclusion of the next regular meeting of the board, and shall in no case be granted within six months after the applicant has been refused a certificate of license by the board; provided, that after Jan. 1, 1903, no certificates of temporary license shall be issued. (The legislature of 1903 extended the temporary license provision indefinitely.)

Sec. 10. RECORD OF BOARD: Be it further enacted, That the Board of Examiners shall keep a record of their proceedings in a book for that purpose, which book shall be open for inspection, and shall record the name of each applicant, the time of granting a certificate of license, the names of the members of the board present; and where a certificate of license is denied by the board to any applicant under authority of this Act, the fact and the ground of such denial shall be entered on the minutes of the board, and shall be communicated in writing to such applicant.

Sec. 11. FEES: Be it further enacted, That the board is empowered to demand a fee of ten dollars ($10) for an examination for a certificate of permanent license, and five dollars ($5) for an examination for a certificate of temporary license, and to demand for the issuance of a certificate of permanent license five dollars ($5), and for the issuance of a certificate of temporary license one dollar ($1).

Sec. 12. CERTIFICATE TO BE RECORDED; REMOVAL: Be it further enacted, That any person thus receiving a certificate of license, whether permanent or temporary, from the State Board of Medical Examiners shall forthwith have it recorded in the office of the county clerk of the county in which he proposes to practice, and the date of such recording shall be endorsed thereon; and such license, when so recorded, shall not be collaterally questioned in any legal proceeding. Until the license is recorded the holder shall not exercise any of the rights or privileges therein conferred, and in case said license is not recorded within three months from the date of its issuance, it shall become invalid. The clerk shall be paid a fee of 50 cents for recording such certificate. Any registered physician removing his residence from one county in this state to another, in order to practice medicine, shall in like manner record the certificate of license in the county to which he removes, and the holder of the certificate shall pay to the county court clerk the usual fee for so doing. Practitioners who have registered in the county in which they reside may go from one county to another on professional business without being required to register.

Sec. 13. COUNTY CLERK'S LIST; REPORT TO BOARD: Be it further enacted, That the county clerk of each county shall keep, in a book to be provided for that purpose, a complete list of the certificates of license recorded by him, together with the date of each, and the date of recording. He shall, further, record the name of the medical college which conferred the diploma on which the certificate is based, and the date when conferred; and the clerk shall hereafter, beginning with the first Monday in July, 1901, and regularly at the expiration of every six months thereafter, report to the secretary of the said Board of Medical Examiners a list of such registrations in his office, together with a list of the deaths and removals from his county of physicians who have thus registered, for which service the clerk shall be paid, out of the funds of the board, 10 cents for each name so reported. This register of the county court clerk shall be open for inspection during business hours.

Sec. 14. COMPENSATION OF BOARD; EXPENSES: Be it further enacted, That the members of said board shall receive as a compensation for their services ten dollars ($10) per day while in the actual service of the board, and also their actual hotel and traveling expenses by the most direct route to and from their respective places of residence, which together with the necessary expenses of each meeting of the board, shall be paid out of any moneys in the treasury of the board, upon the certificate of the president and secretary.

Sec. 15. REVOCATION: Be it further enacted, That the board shall have the right and power to revoke any license upon the ground that it was procured by fraud, or that the licensee has been guilty of unprofessional or dishonorable conduct..

Sec. 16. UNPROFESSIONAL CONDUCT DEFINED: Be it further enacted, That the words, unprofessional or dishonorable conduct, as used in Section 15 of this Act, are hereby declared to mean:

First: By procuring or aiding or abetting in procuring a criminal abortion.

Second: The obtaining of any fees on the assurance that a manifestly incurable disease can be permanently cured.

Third: The wilfully betraying of a professional secret.

Fourth: All advertising of medical business in which untruthful and improbable statements are made.

Fifth: All advertising of medicine or means whereby the monthly period of women can be regulated or menses reestablished if suppressed.

Sixth: Conviction of any offense involving moral turpitude.

Seventh: Habitual intemperance or excessive use of narcotics.

Eighth: The practice of making or signing in his professional capacity of any certificate that is known to be false by the licensed physician at the time he makes or signs such certificate.

Ninth: The dispensing or distribution of any opium, cocoa leaves, or any compound, manufacture, salt derivative or preparation thereof, not in the course of his professional practice only, or not in good faith to relieve pain and suffering, or to cure an ailment, physical infirmity or disease.

Tenth: To dispense, prescribe or distribute to any patient opium, cocoa leaves or any compound, manufacture, salt derivative or preparation thereof, if such patient is addicted to the habit of using said drugs without making a bona fide effort to cure such habit of such patient.

Eleventh: To dispense, prescribe or distribute any opium, cocoa leaves or any compound, manufacture, salt derivative or preparation thereof to any person in violation of any law of the state of Tennessee or the United States of America.

Section 2. Be it further enacted, That after the board shall have revoked the license of any person for any of the foregoing grounds, such person shall not thereafter practice medicine or surgery in the state, and for each and every instance of such practice shall be guilty of a misdemeanor, and on conviction thereof, be fined in the sum of not less than $100 and not more than $500.

Section 3. Be it further enacted, That this Act take effect from and after its passage, the public welfare requiring it.

Passed April 10, 1919.

Sec. 17. ITINERANT PHYSICIAN; PENALTY: Be it further enacted, That it shall be unlawful for any itinerant physician or person, vendor of any drug, nostrum, ointment, or application of any kind, intended for the treatment of disease or injury, to sell or apply the same; or for such itinerant physician or vendor, by writing, printing, or other methods, to profess to cure or treat diseases or deformity by any drug, nostrum, manipulation, or other expedient in this state, and whoever shall violate the provisions of this section of this Act shall be guilty of a misdemeanor, and, upon conviction thereof before a court of competent jurisdiction, shall be fined in any sum not less than one hundred dollars ($100) and not exceeding four hundred dollars ($400).

Sec. 18. FALSE DIPLOMA OR FORGED AFFIDAVITS; PUNISHMENT: Be it further enacted, That any person who shall not at the time of the passage of this Act be duly and regularly licensed by law to practice medicine or surgery in this state, and who shall notwithstanding, practice medicine or surgery in this state without having first complied with the provisions of this Act, shall, for each and every instance of such practice, be guilty of a misdemeanor, and, on conviction thereof, be fined in the sum of not less than ten dollars ($10) nor more than twenty-five dollars ($25); and any person filing or attempting to file, as his own, a diploma or license for another, or a forged affidavit of identification, shall be guilty of a felony, and upon conviction thereof, shall be subject to the punishment prescribed by law for the crime of forgery. All fines for offenses under this Act shall be paid over to the Board of Medical Examiners, to constitute a part of the funds of said board.

Sec. 19. PRACTICE OF MEDICINE DEFINED: Be it further enacted, That any person shall be regarded as practicing medicine within the meaning of this Act, who shall treat or profess to treat, operate on, or prescribe for any physical ailment or any physical injury to or deformity of another; Provided, that nothing in this section shall be construed to apply to the administration of domestic or family remedies in cases of emergency, or to the laws regulating the practice of dentistry; and this Act shall not apply to surgeons of the United States Army, Navy or Public Health Service, or to any registered physician or surgeon of another state when called in consultation by a registered physician of this state, or to midwives, or to veterinary surgeons, or to osteopathists not giving or using medicine in their practice, or to opticians, or to Christian Scientists.

Sec. 20. COMPENSATION OF BOARD: Be it further enacted, That it shall not be lawful for the Board of Medical Examiners, or any member thereof, in any manner, whatever, or for any purpose to charge or obligate the state for the payment of any money; and said board shall look alone to the revenue derived from the operation of this Act for the compensation designated in Section 14 hereof, and, if said revenue is not sufficient to pay each member in full, together with the necessary expenses of the board, then the amount available shall be pro rated among the members. But, if there should be a greater revenue derived than shall be required to pay the compensation and expenses hereinbefore directed, any surplus remaining therefrom shall be paid to the comptroller of the state, who shall receipt the board for the amount so received and shall account for said money as for other state revenue.

Sec. 21. REPORTS OF VIOLATIONS: Be it further enacted, That the grand jury of each county in this state is hereby given inquisitorial power over all offenses against or violations of this Act, and the circuit and criminal judges shall give the same in their charges to the grand juries. And the board shall designate one of its members in each grand division of the state, whose duty it shall be to report any violations of this Act to the proper authorities.

Sec. 22. DISQUALIFICATION OF BOARD: Be it further enacted, That it shall be a misdemeanor, and shall disqualify from office, for the Board of Medical Examiners to issue a certificate of license to any person only as prescribed or set forth in this Act; provided, however, if the board should be disqualified from office, the governor shall appoint a new board in full as provided in this Act.

Sec. 23. REPEAL: Be it further enacted, That Chapter 178 of the Acts of 1889, entitled, "An Act to regulate the practice of medicine and surgery in the state of Tennessee," together with all acts amendatory thereof, to wit: Chapter 109 of the Acts of 1891, Chapter 61 of the Acts of 1897, and Chapter 148 of the Acts of 1899, said amendatory Acts of 1889, and all other laws and parts of laws in conflict with this Act, be and the same are hereby repealed.

Sec. 24. IN EFFECT: Be it further enacted, That this Act take effect from and after its passage, the public welfare requiring it.

Passed April 20, 1901.

MEDICAL PRACTICE LAW OF TEXAS

An Act

To Define and Regulate the Practice of Medicine; to Create a Board of Medical Examiners for the Examination and Licensing of Physicians and Surgeons and to Prescribe Their Qualifications; to Provide for Their Proper Registration, and to Provide for the Revocation of Their Licenses, and to Fix Suitable Penalties for the Violation of this Act, and also to Repeal Chapter 12 of the General Laws of Texas, Passed by the Twenty-Seventh Legislature, Page 12, Laws 1901, and All Laws and Parts of Laws in Conflict Herewith, and Declaring an Emergency.

Be it enacted by the Legislature of Texas:

Section 1. BOARD ESTABLISHED: That a board to be known as the Board of Medical Examiners for the State of Texas, is hereby established. Said board shall consist of eleven men learned in medicine, legal and active practitioners in the state of Texas who shall have resided and practiced medicine in this state under a diploma from a legal and reputable college of medicine of the school to which said practitioner shall belong for more than three years prior to their appointment, and no one school shall have a majority representation on said board. Said board shall be appointed by the governor of this state within ninety days after this Act shall become effective and biennially thereafter within ninety days after his inauguration, and the term of office of its members shall be two years, or until their successors shall be appointed and qualified. No member of said board shall be a stockholder or member of the faculty or a board of trustees of any medical school. Vacancies occurring in the board shall be filled by the governor. The word "medicine" as used in this section shall have the same meaning and scope as given to it in Section 13 of this Act.

Sec. 2. QUALIFICATIONS OF MEMBERS: The members of said board shall qualify by taking the oath of office before a notary public or other officer empowered to administer oaths in the county in which each shall respectively reside. At the first meeting of said board after each biennial appointment, the board shall elect a president, vice-president and secretary-treasurer. Six members shall constitute a quorum. Regular meetings shall be held at least twice a year, at such times and places as shall be deemed most convenient for applicants. Due notice of such meetings shall be given by publication in such papers as may be selected by the board. Special meetings may be held upon a call of three members of the board. The board may prescribe rules, regulations and by-laws, in harmony with the provisions of this Act, for its own proceedings and government for the examination of applicants for the practice of medicine and obstetrics. Said board, or any member, shall have power to administer oaths for all purposes required in the discharge of its duties, and to adopt a seal to be affixed to all of its official documents.

Sec. 3. BOARD'S RECORDS; REGISTER; ANNUAL REPORT: The Board of Examiners shall preserve a record of its proceedings in a book kept for that purpose, showing name, age, place and duration of residence of each applicant, the time spent in medical study in respective medical schools, and the year and school from which degrees were granted; said register shall also show whether applicants were rejected or licensed, and shall be prima facie evidence of all matters contained therein. The secretary of the board shall, on March 1 of each year, transmit an official copy of said register to the secretary of state for permanent record, certified copy of which, with hand and seal of the secretary of said board, or secretary of state, shall be admitted in evidence in all courts.

Sec. 4. REGISTRATION: From and after the passage of this Act it shall be unlawful for any one to practice medicine in any of its branches upon human beings within the limits of this state who has not registered in the district clerk's office of the county in which he resides his authority for so practicing, as herein prescribed, together with his age, postoffice address, place of birth, school of practice to which he professes to belong, subscribed and verified by oath, which, if wilfully false, shall subject the applicant to conviction and punishment for false swearing as provided by law. The fact of such oath and record shall be indorsed by the district clerk upon the certificate. The holder of the certificate must have the same recorded upon each change of residence to another county, and the absence of such record shall be prima facie evidence of the want of possession of such certificate.

Sec. 5. COUNTY CLERK'S "MEDICAL REGISTER"; ANNUAL REPORT TO STATE BOARD: It is hereby made the duty of the district clerk of each county in this state to purchase a book of suitable size to be known as the "medical register" of such county, and set apart one full page for the registration of each physician, and to record in the same the name and record of each practitioner who presents a certificate from the State Board of Examiners issued under this Act. The clerk shall receive the sum of one dollar ($1) from each physician so registered, which shall be his full compensation for all duties required under this Act. When any physician shall die or remove from the county, or have his license revoked, it shall be the duty of said clerk to make a note of facts at the bottom of the page as closing the record. On the first day of January of each year said clerk shall, on request of the board, certify to the office of the State Board of Medical Examiners a correct list of the physicians then registered in the county, together with such other information as said board may require. Any district clerk, upon conviction of knowingly violating any of the provisions of this Act, shall be fined not more than fifty dollars ($50). A copy from the medical register pertaining to any person certified to by said clerk under the seal of said court, also a certificate issued by said officer certifying that any person named has or has not registered in said office as required by this Act, shall be admitted in evidence in all trial courts.

Sec. 6. QUALIFICATIONS OF APPLICANTS; RECIPROCITY: Within one year after the passage of this Act all legal practitioners of medicine in this state, who, practicing under the provisions of previous laws, or under diplomas of a reputable and legal college of medicine, have not already received license from a state medical examining board of this state, shall present to the Board of Medical Examiners for the state of Texas documents, or legally certified transcripts of documents, sufficient to establish the existence and validity of such diplomas or of the valid and existing licenses heretofore issued by previous examining boards of this state, or exemption existing under any law, and shall receive from said board, verification license, which shall be recorded in the district clerk's office in the county in which the licentiates may reside. Such verification license shall be issued for a fee of twenty-five dollars ($25) to all practitioners who have not already received a license from a state board of medical examiners of this state. It is especially provided that those whose claims to state licenses rest upon diplomas from medical colleges recorded from Jan. 1, 1891, to July 9, 1901, shall present to the State Board of Medical Examiners satisfactory evidence that their diplomas were issued from bona fide medical colleges of reputable standing, which shall be decided by the Board of Medical Examiners before they are entitled to a certificate from said board. This board may, at its discretion, arrange for reciprocity in license with the authorities of other states and territories having requirements equal to those established by this Act. License may be granted applicants for license under such reciprocity on payment of fifty dollars ($50).

Sec. 7. EXAMINATIONS: All applicants for license to practice in this state who are not licensed under the provisions of the previous section must successfully pass an examination before the Board of Medical Examiners established by this Act. Applicants to be eligible for examination must present satisfactory evidence to the board that they are more than 21 years of age, of good moral character, and graduates of bona fide, reputable medical schools. Such schools shall be considered reputable within the meaning of this Act whose entrance requirements and courses of instruction are as high as those adopted by the better class of medical schools of the United States, whose course of instruction shall embrace not less than four terms of five months each. Application for examination must be made in writing under affidavit to the secretary of the board on forms prepared by the board, accompanied by a fee of twenty-five dollars ($25), except when an applicant desires to practice obstetrics alone the fee shall be five dollars ($5). Such applicants shall be given due notice of the date and place of examination. Applicants to practice obstetrics in the state of Texas, upon proper application, shall be examined by the board in obstetrics only, and upon satisfactory examination shall be licensed to practice that branch only; provided, this shall not apply to those who do not follow obstetrics as a profession, and who do not advertise themselves as obstetricians or midwives, or hold themselves out to the public as so practicing. In case any applicant, because of failure to pass examination, be refused a license, he or she shall, after one year, be permitted to take a second examination without additional fee.

Sec. 8. EXPENSES OF BOARD; COMPENSATION: The fund realized from the aforesaid fees shall be applied, first to the payment of necessary expenses of the board of examiners; any remaining funds shall be applied by the order of the board to compensating members of the board in proportion to their labors.

Sec. 9. CHARACTER OF EXAMINATIONS: All examinations shall be conducted in writing and in such manner as shall be entirely fair and impartial to all individuals and every school of medicine, the applicants being known by numbers, without names or other method of identification on examination papers by which members of the board may be able to identify such papers, until after the applicants have been granted licenses or rejected. Examinations shall be conducted on the scientific branches of medicine only, and shall include anatomy, physiology, chemistry, histology, pathology, bacteriology, physical diagnosis, surgery, obstetrics, gynecology, hygiene and medical jurisprudence. Upon satisfactory examination under the rules of the board, applicants shall be granted licenses to practice medicine. All questions and answers, with grades attached, shall be preserved for one year. All applicants examined at the same time shall be given identical questions in each of the above branches. All certificates shall be attested by the seal and signed by all members of the board or a quorum thereof.

Sec. 10. TO WHOM NOT APPLIED: Nothing in this Act shall be construed as to discriminate against any particular school or system of medical practice. This Act shall not apply to dentists legally qualified and registered under the laws of this state who confine their practice strictly to dentistry; nor to nurses who practice only nursing; nor to masseurs, in their particular sphere of labor, who publicly represent themselves as such; nor to commissioned or contract surgeons of the United States Army, Navy or Public Health Service, in the performance of their duties, but such shall not engage in private practice without license from the Board of Medical Examiners; nor to legally qualified physicians of other states called in consultation, but who do not open offices or appoint places in this state where patients may be met or called to see. This Act shall be so construed as to apply to persons other than licensed druggists of this state not pretending to be physicians, who offer for sale on the streets or other public places remedies which they recommend for the cure of disease.

Sec. 11. ADMITTANCE REFUSED: The State Board of Medical Examiners may refuse to admit persons to its examinations or to issue the certificate provided for in this Act for any of the following causes:

First. The presentation to the board of any license, certificate or diploma which was illegally or fraudulently obtained, or when fraud or deception has been practiced in passing the examination.

Second. Conviction of a crime of the grade of a felony, or one which involves moral turpitude, or procuring, or aiding or abetting the procuring of a criminal abortion.

Third. Other grossly unprofessional or dishonorable conduct of a character likely to deceive or defraud the public; or for habits of intemperance or drug addiction calculated to endanger the lives of patients; provided, than any applicant who may be refused admittance to examination before said board shall have his right of action to have such issue tried in the district court of the county in which some member of the board shall reside.

Sec. 12. REVOCATION; PROSECUTION: The right herein to practice medicine in this state may be revoked by any court of competent jurisdiction upon proof of the violation of the law in any respect in regard thereto, or for any cause for which the State Board of Medical Examiners is authorized to refuse to admit persons to its examination as provided in Section 11 of this Act; and it shall be the duty of the several district and county attorneys of this state to file and prosecute appropriate judicial proceedings in the name of the state on request of any member of said board.

Sec. 13. PRACTICE OF MEDICINE DEFINED: Any person shall be regarded as practicing medicine within the meaning of this Act:

(1) Who shall publicly profess to be a physician or surgeon and shall treat, or offer to treat, any disease or disorder, mental or physical, or any physical deformity or injury, by any system or method, or to effect cures thereof.

(2) Or who shall treat or offer to treat any disease or disorder, mental or physical, or any physical deformity or injury by any system or method or to effect cures thereof and charge therefor, directly or indirectly, money or other compensation.

Sec. 14. VIOLATION; PUNISHMENT: Any person practicing medicine in this state in violation of the provisions of this Act shall, upon conviction thereof, be fined in any sum not less than fifty dollars ($50) nor more than five hundred dollars (500), and by imprisonment in the county jail for a term not exceeding six (6) months, and each day of such violation shall constitute a separate offense, and in no such case shall the violator be entitled to recover anything for the services rendered.

Sec. 15. PRACTICING WITHOUT LICENSE: All certificates heretofore issued by the Board of Medical Examiners in this state under any former law shall be and continue in full force and effect for one year after this Act shall take effect, but not afterward, and any person who may, when this Act shall take effect, be practicing medicine within this state, under the provisions of existing laws or under any exception contained therein, but without license, may, for one year after, but not longer, continue in such practice, without license; and all such certificates and all such rights to practice medicine shall be in all respects subject to the provisions of this Act as though issued or acquired under its provisions.

Sec. 16. DEFINITIONS: The terms "physician" and "surgeon" as used in this Act shall be construed as synonymous, and the terms "practitioners" and "practitioners of medicine" as used in this Act shall be construed to refer to and include physicians and surgeons.

Sec. 17. REPEAL: All laws and parts of laws in conflict with the provisions of this Act be, and the same are hereby, repealed.

Sec. 18. SUSPENSION: The fact that there is now no law properly regulating the practice of medicine in this state creates an emergency and an imperative necessity that the constitutional rule requiring bills to be read on three several days be suspended, and the same is hereby suspended, and that this Act take effect and be in force from and after its passage.

Approved 1907.

Amended as to fees March 20, 1915.

Revocation of Licenses

An Act authorizing the State Board of Medical Examiners of this state, and making it their duty, to cancel the license of any licensed practitioner of medicine in this state, when the facts are made known to it, that such licensed practitioner of medicine has been convicted in either a state or Federal court of the crime of the grade of felony, or one which involved moral turpitude, or procuring or aiding or abetting the procuring of a criminal abortion; repealing all laws in conflict therewith and declaring an emergency.

Be it enacted by the Legislature of the state of Texas:

Section 1. The State Board of Medical Examiners of this state, be and it is hereby authorized and empowered, and it is made its duty, to immediately cancel the license of any licensed "practitioner of medicine" in this state, when the facts are made known to the board, that such party has been convicted, either in a state or Federal court of the crime of the grade of a felony, or one which involves moral turpitude or procuring or aiding or abetting the procuring of a criminal abortion.

Sec. 2. That all laws, and parts of laws, in conflict with the provisions of this Act be, and the same are, hereby repealed.

Sec. 3. The fact that the State Board of Medical Examiners of this state are limited in their power to cancel licenses of "licensed practitioners of medicine" in this state, who are guilty of violation of the penal laws of this state, creates an emergency and an imperative public necessity that the constitutional rule requiring a bill to be read on three several days be suspended, and said rule is hereby suspended; and that this Act shall take effect and be in force from and after its passage, and it is so enacted.

This bill was passed on March 18, 1919.

PHYSICIANS OF TEXAS

EXPLANATORY NOTE.—The medical practice act of Texas was enacted in 1907 and provided for a general reregistration of all physicians of the state, all previous registrations being rendered void. Accordingly, all physicians in practice in Texas at the time the law was enacted and who complied with the reregistration feature are entered (♁). The names of physicians reported as practicing, but concerning whom information of reregistration has not been received are entered (‡). Physicians licensed since the enactment of the law are entered with the year of license following their names.

MEDICAL PRACTICE LAW OF UTAH, 1911

Chapter 93

An Act Amending Sections 1728, 1729, 1730, 1734, 1735, 1736, 1738 and 1740, Compiled Laws of Utah, 1907, of the Regulation of the Practice of Medicine and Surgery.

Be it enacted by the legislature of the state of Utah:

Section 1. That Sections, 1728, 1729, 1730, 1734, 1735, 1736, 1738 and 1740, Compiled Laws of Utah, 1907, be and the same are hereby amended to read as followws:

Section 1. 1728. APPOINTMENT OF BOARD; POWER: There is hereby created a state board of medical examiners, which shall have power to sue and be sued in its official name—the Board of Medical Examiners of the State of Utah. Said board shall consist of ten members; the attorney general shall be ex offico one of such members.

The governor, by and with the consent of the senate, shall appoint the other nine members, who shall be representeatives of the various recognized schools of medicine, and each of whom shall be at the time of his appointment a licensed graduate practitioner of medicine in this state.

At the regular session of the legislature in 1911, such nine members shall be so appointed, three of whom shall be appointed for the term of six years, and three for the term of four years, and three for the term of two years, and at each regular session of legislature thereafter there shall be in like manner appointed three of such members for the full term of six years. Each person so appointed shall so qualify by taking an oath before a judge of the district court that he is a graduate of a legally chartered medical school and in good standing, and that he will faithfully perform the duties of his office and thereupon he shall hold his office until his successor is appointed and qualified.

Vacancies in the board shall be filled by appointment by the governor within one month from the time the vacancy shall occur, and such appointee shall serve until the next ensuing session of the legislature. Said board shall have power to employ legal counsel and clerical assistance, and the money received under the title may be used in defraying expenses incurred by the said board, either in the employment of said legal counsel or clerical assistance or in any other manner whatsoever. Said board of Medical Examiners shall be deemed a continuation of the present existing Board of Medical Examiners of the State of Utah in all respects whatsoever.

Sec. 2. 1729. ORGANIZATION; POWERS: Said board shall organize immediately after its appointment by selecting from its members a president, vice-president, secretary and treasurer. Six members of the board shall constitute a quorum. The board shall have a seal with which it shall attest its official acts. Any member of the board shall have authority to administer oaths, and the board shall have authority to take testimony in all matters relating to the duties of the board. The board shall have power to examine any person of good moral character who furnishes satisfactory proof of having received a degree or diploma from a legally chartered medical college, the requirements whereof shall include the following subjects, as required by the board at the present time, namely: histology, anatomy, physiology, chemistry, toxicology, urinalysis, therapeutics, bacteriology, pathology, theory and practice of medicine, or osteopathy, surgery, obstetrics, materia medica, or osteopathic therapeutics, gynecology, pediatrics, dermatology, hygiene, medical jurisprudence, ophthalmology, otology, rhinology, laryngology. The foregoing showing an aggregate of 5,500 hours, and any legally chartered school having the foregoing requirements shall be deemed a recognized school of medicine.

Said applicant shall present a certificate from a high school of the first grade or its equivalent, and shall have furnished evidence of at least two units' work in Latin and German. After the year 1916 the applicant shall furnish in addition to the above one year of college work and, if upon examination of such person, the board is satisfied with his educational attainments and that the applicant is qualified to practice medicine and surgery, then the board shall issue a certificate to such person so qualified and examined. The board shall issue two forms of certificates or licenses, one for persons holding such degree or diploma who have been examined and favorably passed upon by the board, and another for persons desiring to practice obstetrics under the provisions of Section 1740. Certificates shall be signed by all members of the board granting them.

Sec. 3. 1730. FEES: The fees for the examination provided for in the last preceding section shall be twenty-five dollars ($25), which shall be paid by the secretary of said board at the time of making the application for examination.

Sec. 7. 1734. EXAMINATIONS; QUALIFICATIONS: Examinations may be wholly or partly in writing. Said board must refuse a certificate to any applicant not of good moral character or who has been guilty of unprofessional conduct as defined in this title. But before such refusal, the applicant must be cited by citation signed by the secretary of the board and with its seal. No citation shall be issued except upon sworn complaint filed with the secretary of the board and setting forth such particular acts constituting such immorality and unprofessionel conduct. On the filing of such complaint the secretary must forthwith issue a citation and make the same returnable at the next regular session of said board, occurring at least thirty days next after the filing of the complaint. Such citation shall notify the applicant of the time and place, when and where the matter of such immorality or such unprofessional conduct shall be heard, the particular immorality or unprofessional conduct with which the applicant is charged, and that the applicant shall file his written answer under oath within twenty days next after the service on him of such citation, or defaut will be taken against him and his application for a certificate refused. The attendance of witnesses at such hearing shall be compelled by subpoena issued by the secretary of the board under its seal, and said secretary shall in no case refuse to issue any such subpoena upon a fee of 20 cents being paid him for each subpoena by the defendant. Said citation and subpoenas, and all of the provisions of the statues of this state then in force relating to subpoenas provided for therein. In case of the refusal of a witness properly served with subpoena to attend before said board, such refusal may be certified by the secretary of said board to the district court of the county in which service was had and said court shall thereupon issue a subpoena to said witness to appear before it, and in case of further refusal on the part of said witness, the court shall then cite said witness or witnesses to appear before it and show cause why he should not be punished for contempt, and if the court finds upon hearing that said witness has wilfully disobeyed the mandate of the court, it shall then proceed to impose such penalties as are provided for in cases of contempt of court.

Sec. 8. 1735. REVOCATION OF LICENSE: Whenever any licensed practitioner of medicine or surgery or obstetric physician is guilty of unprofessional conduct, as the same is defined in this title, then the license or certificate of such person shall be revoked or cancelled in the manner hereinafter provided by the district court of the county where the holder of such certificate or license practiced at the time of such unprofessional conduct. Proceedings for such cancellation or revocation shall be brought and conducted in the manner provided by law for proceedings in civil cases except as in this title provided. The trial in such proceedings shall be to the court without a jury unless the court shall call an advisory judge. The Board of Medical Examiners of the State of Utah shall be plaintiff and the person charged shall be defendant in any such proceedings. The complaint in such proceedings shall be in writing, verified by oath of one of the members of the board, or any person having knowledge of the facts constituting the unprofessional conduct, and shall pray a decree of the court canceling and revoking the certificate or license of the defendant and on injunction perpetually enjoining him from practicing medicine or surgery in this state. When after trial, the defendant is found guilty as charged, or when upon his default, which may be entered as in other civil cases, provided that the facts stated in the complaint constitute unprofessional conduct as defined in this title, then in either such case the court must decree a canecllation or revocation of the certificate or license of the defendant and must enjoin him from practicing medicine or surgery in the state. Upon the entry of such judgement or decree it shall be the duty of the secretary of the said board to file a certified copy of said judgment and decree with the county recorder of the counties in which the certificate of the defendant is recorded, and said recorder must thereon write on the margin of the said certificate of said defendant the following:

"This certificate was revoked and canceled by a decree of the district court of the ..... County, Utah, on the.... day of ....." giving the day, month and year of such revocation by said court, together with the county wherein said degree was made and entered by said district court. No certificate shall be revoked for unprofessional conduct under this section unless the accused has been guilty thereof within two years next preceding the time of the filing of the complaint charging him with such unprofessional conduct.

Sec. 9. 1736. UNPROFESSIONAL CONDUCT DEFINED: The words "Unprofessional Conduct" as used in this title are hereby defined to mean any of the following acts, to wit:

1. Offering or attempting to procure or aid or abet in procuring a criminal abortion.

2. The procuring or aiding or abetting in procuring a criminal abortion.

3. The obtaining of any fee on the assurance that a manifestly incurable disease can be permanently cured.

4. The wilful betrayal of a professional secret.

5. Any advertising naming diseases of or in relation to the diagnosis or treatment of, or medicine for any abnormal or diseased condition of, or pertaining to the organs of generation.

6. All advertising of medicine or of any means whereby the monthly periods of women can be regulated or the menses reestablished if suppressed.

7. Conviction of any offense involving moral turpitude.

8. Habitual intemperance or gross immorality.

9. Lending his name to be used as a physician or surgeon by another person who is not a physician or surgeon.

10. Street advertising, soliciting or other public peddling or selling of medical or surgical remedies or appliances in person or by proxy.

11. Prescribing any intoxicating liquor to be used as a beverage.

12. Prescribing morphine or cocain or other narcotic with intent that the same shall be used otherwise than medicinally or with intent to avade the law in relation to the sale, use or diposition of such drugs.

13. Wilful violation of the law in regard to the registration of births and deaths and the reporting of infectious diseases.

Sec. 11. 1738. PRACTICE OF MEDICINE DEFINED; EXEMPTIONS: Any person shall be regarded as practicing medicine within the meaning of this title, who shall diagnose, treat, operate upon, or prescribe or advise for, any physical or mental ailment or any abnormal, mental or physical condition of another, after having received or with intent to receive therefor, either directly or indirectly, any fee, gift, compensation or other pecuniary benefit, reward or consideration or who shall hold himself out by means of signs, cards, advertisements or otherwise as a physician or surgeon; provided, that nothing in this title shall be construed to prohibit gratuitous services in cases of emergency or the sale or administration of proprietary or domestic family remedies or the sale of appliances, nor to prevent medical officers of the United States from the discharge of their official duties, nor shall anything in this Act be construed to apply to those who heal only by spiritual means without pretending to have a knowledge of the science of medicine; nor to prohibit visiting physicians in the act of consultation.

Sec. 13. 1740. PRACTICING OBSTETRICS: Persons desiring to practice obstetrics in this state shall be entitled to a license upon passing a satisfactory examination by the Board of Medical Examiners and paying to the treasurer thereof a fee of fifteen dollars ($15); provided, however, that this section shall not be construed to prevent physicians holding a certificate from practicing obstetrics, or to prohibit such services or the acceptance of a fee in the case of emergency, or persons practicing obstetrics in communities where there are no licensed practitioners.

Sec. 16. 1742. RECIPROCITY FEES: The said board may in its discretion accept and register, upon the payment of the registration fee of seventy-five dollars ($75) without examination of an applicant, any certificate which shall have been issued to him by the board of the District of Columbia, or any state or territorial board for the licensing of practitioners of medicine or surgery, within the meaning of this Act, the requirements of which shall at the time of issuing be not less than those of this state; and provided further that the provisions in this paragraph contained shall be held to apply only to such of said examining boards of such states and territories as accept and register the certificates granted by this board without examination by said board of the one holding such certificate. If for any reason the said applicant is denied such license, fifty dollars ($50) of the said seventy-five dollars ($75) shall be returned to said applicant.

Any acts or parts of acts in conflict with this Act are hereby repealed.

PETROLATUMS

This product is made with particular reference to the exacting requirements of the Medical Profession, and every possible care has been taken to insure its purity and uniformity.

To meet the varying needs of the profession, STANOLIND PETROLATUM is put up in five grades which differ in color only. Each goes to the physician and surgeon with the unqualified guarantee of this company, that no purer, finer, more carefully prepared petrolatum can be made.

By specifying "STANOLIND" when ordering petrolatum, the physician or surgeon may be sure that his patient is using a product of maximum purity.

The five grades are:

Superla White Stanolind Petrolatum — Superla White is different from any petrolatum heretofore offered the profession. It is a pure pearl white in color, all pigmentation having been removed by repeated filtering. No wax is incorporated with the product to maintain its color.

Ivory White Stanolind Petrolatum — Ivory White ordinarily would be classed as white, although a slight yellow tone may be noted when compared with "Superla White." It compares favorably with any of the commercial grades sold as white petrolatum.

Onyx Stanolind Petrolatum — Onyx is comparable with the best commercial grades sold as cream petrolatum. It is well suited as a base for white ointments where absolute purity of color is not necessary.

Topaz Stanolind Petrolatum — Topaz has no counterpart in the general trade. It is much lighter than amber, though darker than cream. Its color is best described as a clear topaz bronze.

Amber Stanolind Petrolatum — Amber compares favorably with the commercial grades usually sold as extra amber, being somewhat lighter and brighter than petrolatum ordinarily sold under this trade name.

If you are not acquainted with the five grades of STANOLIND PETROLATUM, we urge you to send today for samples. You will be pleased with the unusual purity and we believe you will specify "Stanolind" in prescribing.

SURGICAL WAX

STANOLIND SURGICAL WAX is made especially for the use of physicians and surgeons in the hot wax treatment of burns, but is also effective in the treatment of all injuries to the skin where a considerable area has been denuded, or where the skin is tender and inflamed, as for instance, varicose ulcers and granulating wounds.

STANOLIND SURGICAL WAX is a chemically pure aseptic paraffin, refined, steamed and filtered until free from all oil, all moisture, and all deleterious substances.

STANOLIND SURGICAL WAX will be found a useful dressing to replace collodion in sealing wounds after surgical operations. It is also a helpful agent in the treatment of chilblains and frost bites.

STANOLIND SURGICAL WAX comes ready for use, or it may be employed as a base for a number of recently developed and effective formulas, differing in detail but agreeing in having 95 to 97 per cent of their bulk made up of refined paraffin wax.

In certain circumstances it might seem advisable to incorporate other agents with STANOLIND SURGICAL WAX in order to (1) alter its physical properties in respect to ductility and plasticity, (2) incorporate an antiseptic, (3) obtain a deodorant effect, or (4) obtain an anodyne effect.

However, extensive research and investigations made by authorities indicate that best results are obtained by using pure paraffin without modification, except that perhaps in extreme cases it may be deemed advisable to incorporate in the wax a small quantity of eucalyptus, or certain other essential oils, in order to overcome the odor of accumulated wound secretions.

STANOLIND SURGICAL WAX meets in detail the specifications laid down by the Council on Pharmacy and Chemistry, American Medical Association, as to melting point, ductility and plasticity.

A few pounds of STANOLIND SURGICAL WAX, and means of applying it, should be part of the equipment in every doctor's office.

PRACTICE OF MEDICINE AND SURGERY

Board of Medical Registration

It is hereby enacted by the General Assembly of the State of Vermont:

Section 6082. CONSTITUTION; TERM. The State Board of Medical Registration shall consist of seven physicians in active practice and not members of the faculty of a medical college. Three of said board shall be of the regular school, two of the homeopathic school, and two of the eclectic school, and each shall be a graduate of a chartered medical college having power to confer the degree of doctor of medicine and surgery. The term of office of each member shall be six years. The terms of the members which expire December 15, 1918 and 1920, respectively, are hereby extended to and including January 31, 1919 and 1921, respectively.

Sec. 6083. APPOINTMENT. The governor shall biennially, in the month of January, appoint members of said board to succeed those whose terms of office expire on the thirty-first day of such month. Such appointees and appointees to fill a vacancy shall be of the same school as those whom they succeed.

Sec. 6084. MANNER OF APPOINTMENT. Appointments shall be made from a list nominated by the Vermont Medical Society, Vermont Homeopathic Medical Society, or Vermont Eclectic Medical Society according as the term of office of members respresenting each school is about to expire, such list to contain at least twice the number to be appointed. Such nomination shall be made biennially at the annual meeting of each society, and shall be duly certified by the president and secretary of the society making the nomination and transmitted to the governor on or before the fifteenth day of January in the year of the regular session of the general assembly. In case such nominations are not so transmitted, the governor shall appoint such physicians as he may select, maintaining the same proportion of regular, homeopathic and eclectic physicians as provided in the second preceding section.

Sec. 6085. OFFICERS AND THEIR DUTIES. On the second Tuesday of February, biennially, said board shall choose from among its number a president, a vice president, a secretary and a treasurer, who shall hold their respective offices for two years and until their successors are chosen. The secretary shall keep a record of the transactions of the board and a separate record of the name, residence, college and date of graduation of each person licensed by it. The treasurer shall receive license fees, keep a true record thereof, and quarterly on the first day of February, May, August and November, make a report to the state treasurer of examination given and licenses granted, and pay into the state treasury all moneys received by him therefor.

Sec. 6086. MEETINGS FOR EXAMINATIONS, RULES AND REGULATIONS. Said board shall meet at Burlington on the second Tuesday in February, and on the second Tuesday of July, and at such other times and places as it may determine, for the purpose of examining applicants for license to practice medicine and surgery. Said board may make such rules and regulations as may be necessary for its government, and a majority shall constitute a quorum.

Sec. 7362. BOARD OF MEDICAL REGISTRATION. Each member of the State Board of Medical Registration shall receive four dollars a day for services rendered, and necessary expenses.

Sec. 7365. APPORTIONMENT OF EXPENSES AND PER DIEM UNDER THREE PRECEDING SECTIONS. If the amount received by a board named in the three preceding sections for examinations, certificates and licenses is not sufficient to pay the per diem and expenses allowed said board, the auditor of accounts shall allow the expenses of said board in full and such percentage of the per diem that the expense of the board to the state shall not exceed the receipts of said board.

Licenses

Sec. 6087. QUALIFICATION OF APPLICANT; EXAMINATIONS; FEES. A person twenty-one years of age and of good moral character, who is a graduate of a legally chartered medical college or university, having power to confer degrees in medicine and surgery, and such medical college or university being recognized as determined by the board, shall upon payment of a fee of twenty dollars, be entitled to examination, and if found qualified, shall be licensed to practice medicine and surgery in this state and receive a license signed by the president and secretary of said board; provided, however, that students who have completed the studies of anatomy, physiology, chemistry and histology may be examined after presenting a certificate from the secretary of the college in which they are pursuing their studies that they have completed the work of the second year. The fee which shall accompany such certificates shall be half of that for the final examination and shall be credited to the student as a part of the whole fee when he takes his final examination, which examination shall not include the subjects in which such student was found qualified by such previous examination. Practitioners graduated prior to the year nineteen hundred and one, under a lower standard, who have been five or more years in active reputable practice, may be examined by the board, if of satisfactory moral character, and if recommended as worthy by physicians in good standing. A person refused a license may be reexamined at a regular meeting of the board within one year of the time of such refusal, without an additional fee.

Sec. 6088. EXAMINATIONS; GENERAL PROVISIONS; MATERIA MEDICA. Such examinations shall be wholly or in part in writing, in the English language, and shall be of a practical character, sufficiently strict to test the qualification of the applicant. It shall embrace the general subjects of anatomy, physiology, chemistry, pathology, bacteriology, hygiene, practice of medicine, surgery, obstetrics, gynecology, materia medica, therapeutics, and legal medicine. Each applicant shall pass a general average of seventy-five per cent. to entitle him to a license; provided, however, that reputable practitioners may be allowed one per cent. for each year of practice, but such allowance shall not exceed ten per cent. Examination in materia medica shall be conducted by the members of the board representing the same school as the applicant.

No. 166.—An Act relating to the qualifications of Applicants for Examination to practice medicine and surgery.

Section 1. INTERNSHIP. The Board of Medical Registration may, at such time as it deems expedient, require of all applicants for examination to practice medicine and surgery a certificate that they have had a one year's internship in a hospital approved by said board.

Approved April 3, 1919.

Sec. 6089. RECORDS; FEES. A person receiving a license certificate shall, within thirty days of the date thereof, cause the same to be recorded in the office of the secretary of state, in a book kept for that purpose, and shall pay him twenty-five cents for recording the same. A certificate not so recorded shall be invalid.

Sec. 6090. NONRESIDENT'S FEES. Said board shall, without examination, issue a license to a reputable physician or surgeon who personally appears and presents a certified copy of a certificate of registration or a license issued to him in a state whose requirements for registration are deemed by said board as equivalent to those of this state, provided that such state accords a like privilege to holders of licenses granted under the laws of this state. The fee for such licenses shall be fifty dollars.

Sec. 6091. REQUIREMENTS FOR ADMISSION TO PRACTICE. The standard for admission to practice in this state, under the preceding section, shall be as follows:

Academic.—Preliminary requirements to be a high school education or its equivalent, such as would admit the student to a recognized university, and a two years' course of study in a college of arts and sciences; provided that the two years' college course shall not be required of applicants who matriculated in a medical college before January 1, 1918. The standard of such secondary schools and colleges shall be determined by agreement between the educational department of the state in which the applicant received such education and the commissioner of education of this state.

Medical.—Four courses of lectures of nine hundred hours each, in four different calendar years prior to graduation from a medical college approved by said board. Practitioners graduated prior to nineteen hundred and one are exempt from this requirement.

Moral.—Applicant shall present qualifications as to moral character and professional standing from two reputable physicians in the county in which he resides, and from the town clerk of his place of residence.

Examining.—The examination in writing shall have embraced twelve subjects of ninety questions, viz.: anatomy, physiology, chemistry, pathology, bacteriology, hygiene, practice of medicine, surgery, obstetrics, gynecology, materia medica, therapeutics, and legal medicine. The general average must have been at least seventy-five per cent., and a license shall not be recognized when a lower rating was obtained.

Sec. 6092. REFUSAL AND REVOCATION OF LICENSES. Said board may refuse to issue the certificates provided for in the fifth preceding section to persons who have been convicted of the practice of criminal abor-

tion, or who have, by false or fraudulent representations, obtained or sought to obtain practice in their profession, or by false or fraudulent representations of their profession, have obtained or sought to obtain money or any other thing of value, or who assume names other than their own, or for any other immoral, unprofessional or dishonorable conduct; and said board may, for like cause, revoke any certificate issued by it or the respective board of censors of the Vermont State Medical, the Vermont State Homeopathic or the Vermont State Eclectic medical societies; provided that no certificate shall be revoked or refused until the holder or applicant is given a hearing before said board. The words "unprofessional or dishonorable conduct" as used herein are declared to mean:

(1) Advertising of medical business which is intended or has a tendency to deceive the public or impose upon credulous or ignorant persons and so be harmful or injurious to the public morals or safety.

(2) Conviction of any offense involving moral turpitude, and the record of such conviction shall be conclusive evidence of guilt.

(3) Habitual intemperance.

Sec. 6093. ILLEGAL PRACTICE; PENALTY. A person who, not being licensed, advertises or holds himself out to the public as described in the following section, or who, not being licensed, practices medicine or surgery under a fictitious or assumed name, or who impersonates another practitioner or signs a certificate of death for the purpose of burial or removal, shall be imprisoned not more than three months or fined not more than two hundred dollars nor less than fifty dollars, or both. An action shall not be maintained by such person for the recovery of compensation for such services.

Sec. 6094. PHYSICIAN AND SURGEON; FAITH CURE; MIND HEALING; LAYING ON OF HANDS; APPLICATION OF SECTION. A person who advertises or holds himself out to the public as a physician or surgeon, or who assumes the title or uses the words or letters "Dr.," "Doctor," "Professor," M.D." or "M.B." in connection with his name, or any other title implying or designating that he is a practitioner of medicine or surgery in any of its branches, or shall advertise or hold himself out to the public as one skilled in the art of curing or alleviating disease, bodily injuries or physical or nervous ailments, or shall prescribe, direct, recommend, or advise, give or sell for the use of any person, any drug, medicine or other agency or application for treatment, cure or relief of any bodily injury, infirmity or disease, or who follows the occupation of treating diseases by any system or method, shall be deemed a physician, or practitioner of medicine or surgery, for the purpose of this chapter. The provisions of this chapter shall apply to persons professing and attempting to cure disease by means of "faith cure," "mind healing," or "laying on of hands"; but shall not apply to persons who merely practice the religious tenets of their church without pretending a knowledge of medicine or surgery; and the provisions of this section shall not apply to a person, firm or corporation that manufactures or sells patent, compound or proprietary medicines, that are compounded according to the prescription of a physician who has been duly authorized to practice medicine.

Sec. 6095. OSTEOPATHS; CHIROPRACTORS; PRIOR PRACTITIONERS; UNITED STATES OFFICERS; NONRESIDENT PHYSICIANS AND SURGEONS. This chapter, except as to the provisions of section six thousand and ninety-two of the general laws, shall not apply to persons licensed to practice osteopathy under chapter two hundred and fifty-eigh; or to persons licensed to practice chiropractic under the laws of the state; or to persons licensed under the laws in force prior to Dec. 9, 1904, or to persons who resided and practiced medicine in this state for five years previous to Dec. 28, 1876, or to commisisoned officers of the United States army, navy or marine hospital service, or to any person or persons giving aid, assistance or relief in emergency or accident cases pending the arrival of a regularly licensed physician or surgeon, or to a nonresident physician or surgeon who is called to treat a particular case and who does not otherwise practice in this state, provided that such nonresident physician or surgeon is duly licensed where he resides and that the state of his residence grants the same privilege to duly licensed practitioners of this state. This chapter shall not prevent a nonresident physician or surgeon from coming into this state for consultation with a duly licensed practitioner herein.

Sec. 6096. INVESTIGATION. Said board shall investigate cases of disregard or violation of the provisions of this chapter, and make complaint to the proper prosecuting officer.

The directory contains an enormous amount of information of various kinds, but this fact will not be appreciated unless the reader studies the Index opposite Title Page and Contents on Page 3. To save space, symbols and abbreviations have been liberally used; it is important that the reader thoroughly familiarize himself with these, as well as with the various departments of the directory. The information is here, but much of it is available only through the use of the key.

KEY TO ABBREVIATIONS, SYMBOLS, ETC.

Names in CAPITALS signify membership in the American Medical Association through membership in constituent state and component county organizations (DOE, JOHN).

KEY TO SPECIALTIES

A SYMBOL DESIGNATING SPECIALTY IS ENTERED ON REQUEST WHENEVER THE PHYSICIAN IS A MEMBER (1) OF A CONSTITUENT STATE ASSOCIATION, (2) OF A SPECIAL SOCIETY OF WHICH THE MEMBERSHIP IS LISTED IN THE DIRECTORY, OR (3) IS A TEACHER IN A MEDICAL SCHOOL CLASSED "A" OR "B" IN THE RATING OF THE COUNCIL ON MEDICAL EDUCATION AND HOSPITALS. SPECIALTIES ARE INDICATED AS FOLLOWS:

S—Surgery.
Ob—Obstetrics.
G—Gynecology.
ObG—Obstetrics and Gynecology.
Or—Orthopedic Surgery.
Pr—Proctology.
Oph—Ophthalmology.
LR—Laryngology, Rhinology.
ALR—Otology, Laryngology, Rhinology.
OALR—Ophthalmology, Otology, Laryngology, Rhinology.
U—Urology.
D—Dermatology.
Pd—Pediatrics.
N—Neurology.
P—Psychiatry.
NP—Neurology and Psychiatry.
I★—Internal Medicine.
T—Tuberculosis.
Anes—Anesthesia.
CP—Clinical Pathology.
R—Roentgenology.
Path—Pathology.
Bact—Bacteriology.
PH★—Public Health.

WHEN THE ABBREVIATION DESIGNATING A SPECIALTY IS FOLLOWED BY AN ASTERISK (★) IT INDICATES THAT THE PHYSICIAN CLAIMS HIS PRACTICE IS LIMITED TO THAT PARTICULAR BRANCH OF MEDICINE; WTHOUT THE ASTERISK, THAT HE IS ESPECIALLY INTERESTED IN BUT DOES NOT LIMIT HIS PRACTICE TO, THAT BRANCH. THIS INFORMATION CONCERNING SPECIALTY IS BASED ON PERSONAL DATA FURNISHED BY THE PHYSICIAN AND IS NOT VERIFIABLE.

Westbrook Sanatorium

RICHMOND - - - - VIRGINIA

The sanatorium is a private institution of 135 beds, located in the Ginter Park suburb, midway between trolley lines, within ten minutes ride of the heart of the city, and on the Richmond-Washington National Automobile highway. Midway between the North and the distant South, the climate of this portion of Virginia is almost ideal. Nearby are many reminders of the civil war, and many places of historic interest are within easy walking distance.

The plant consists of twelve separate buildings, most of which are new, located in the midst of a beautifully shaded fifty-acre lawn, surrounded by a hundred and twenty-acre tract of land. Remoteness from any neighbor assures absolute quietness.

The large number of detached buildings makes easy the satisfactory and congenial grouping of patients. Separate buildings are provided for men and for women. Rooms may be had single or en suite, with or without private bath. A few cottages are designed for individual patients.

The buildings are lighted by electricity, heated by hot water, and are well supplied by baths. The water supply for the entire institution is derived from an artesian well on the grounds, of approved therapeutic value.

The scope of the work of the sanatorium is limited to the diagnosis and the treatment of nervous and mental disorders, alcoholic and drug habituation. Every helpful facility is provided for these purposes, and the institution is well-equipped to care for such patients. It affords an ideal place for rest and up-building under medical supervision. Five physicians reside at the sanatorium and devote their entire attention to the patients. A chartered training school for nurses is an important part of the institution in providing especially equipped nurses—both men and women—for the care of the patients.

Systematized out-of-door employment constitutes an important feature of the treatment. Wonderful work in the arts and crafts is carried on under a trained teacher. There are bowling, tennis, croquet, billiards and pool.

The sanatorium maintains its own truck farm, dairy and poultry yard.

MEDICAL PRACTICE LAWS OF VIRGINIA

An Act

To Regulate the Practice of Medicine and Surgery in the State of Virginia, and to Repeal all Acts or Parts of Acts of the General Assembly of Virginia, and any Section or Sections of the Code of Virginia in Conflict with the Provisions Thereof, Especially an Act Entitled An Act to Regulate the Practice of Medicine and Surgery in the State of Virginia, Approved February 22, 1894, and Sections 1744, 1745, 1746, 1747, 1748, 1749, 1750, 1751 and 1752 of the Code of Virginia of 1887, and all Amendments Thereto.

Be it enacted by the general assembly of Virginia as follows:

Section 1. BOARD OF MEDICAL EXAMINERS: A board, to be known as the Board of Medical Examiners for the State of Virginia, is hereby established, which shall consist of one member from each congressional district in this state, and in addition five from the state at large, two of whom shall be homeopathic physicians; provided, however, that on April 1, 1914, the board shall consist of one regular physician from each congressional district, and one homeopath and one osteopath from the state at large. The term of office of the members of said board shall be four years, or until their successors are appointed and qualify, and they shall be men learned in medicine and legal and active practitioners in the state of Virginia.

Sec. 2. HOW APPOINTED: The members of the board shall be appointed by the governor on or before the first day of April, 1914, and every fourth year thereafter, from a list of names to be recommended by the Medical Society of Virginia, except the homeopath and the osteopath, who shall be nominated to him by their respective state medical society. Vacancies occurring on said board for unexpired terms shall be filled in the same manner, and appointments shall be made to fill the unexpired term only. Such recommendation shall be by the votes of a majority present at a meeting of the said societies, and the same shall be certified to the governor by the president and secretary of such society; provided, however, in case the governor shall consider any of the persons so recommended unsuitable, he may decline to appoint such person or persons, and communicate the facts to the president of the society presenting the nomination, and such society shall, within ninety days thereafter, make other recommendations in the same manner as hereinbefore provided, which shall stand on the same footing in all respects as those first made; provided, further, if such society shall fail to make such recommendations prior to the time of appointment, or within the ninety days, the governor shall appoint such board, either in whole or in part, without regard to such recommendations. If any member of the board shall cease to reside in the district from which he was appointed his office shall be deemed vacant. The governor may summarily remove any member of the board for misconduct, incapacity, or neglect of duty, and he shall be the sole judge of the sufficiency of the cause for removal. The members of the present board shall continue in office until the expiration of their respective terms, April 1, 1914.

Sec. 3. OATH; POWERS; MEETINGS: The members of said board shall qualify by taking the usual oath of office before the circuit or corporation court of the county or corporation in which they respectively reside, or before the judge thereof in vacation. The officers of said board shall be a president, vice-president and a secretary (who shall also act as treasurer), said officers to be members of and selected by the said board. Regular meetings of the board shall be held at such times and places as the board may prescribe, and special meetings may be held on the call of the president and any five members, but there shall not be less than one regular meeting each year. Five members of the board shall constitute a quorum. The board may prescribe rules, regulations and by-laws for its own proceedings and government and for the examination by its members of candidates for the practice of medicine, including the scope of the said examination. Due notice of such meetings shall be given by publication in such papers as may be selected by the board. The board, or any committee thereof, may employ counsel, shall have the power to compel the attendance of witnesses and to administer oaths, and may take testimony and proofs concerning all matters within its jurisdiction. No by-law or rule by which the vote of a majority of the board is required for any specified action shall be suspended or repealed by a smaller vote than that required for action thereunder.

Sec. 4. PRESERVATION OF RECORDS: The board shall preserve a record of its proceedings in a book kept for that purpose, which shall show the name, age, place and duration of residence therein of each applicant for a license, the time spent in medical study in respective medical schools, and the year and school from which degrees were granted; said record shall also show whether applicants were granted a certificate or rejected, and shall be prima facie evidence of all matters contained therein. The secretary of the board shall, on the first day of March of each year, transmit a copy of said record, together with a photograph of each licensee to the superintendent of the Board of Education of the state of Virginia for permanent record, and certified copies of the said record, under the hand and seal of the secretary of the board or of said superintendent, shall be admissible as evidence in all courts of this state.

Sec. 5. REGISTRATION OF CERTIFICATES; DUTIES OF CLERKS: Every certificate to practice medicine granted under the provisions of this Act shall, before the licensee begins practice thereunder, be presented by him to the clerk of the circuit court of the county, or the clerk of the corporation court of the city wherein such practice is to be carried on. The clerk of each of said courts shall keep a book for the purpose, entitled the "medical register," and set apart one full page therein for the rgistration of each licensee, and he shall record therein the name, residence, place and date of birth, and source, number and date of the license to practice, and the school of practice to which each licensee professes to belong, and each licensee shall subscribe and verify under oath the matters above mentioned when the same have been so recorded, which if wilfully false shall subject the person so making oath to conviction and punishment for false swearing as provided by law. The fact of such oath and record shall be endorsed by the said clerk on each certificate presented, and the clerk shall receive the sum of one dollar ($1) from each licensee so registered, which shall be his full compensation for all duties required under this Act. The holder of a certificate to practice medicine must have the same recorded on each change of residence to another county or corporation, and the absence of such record shall be prima facie evidence of the want of possession of such certificate. When any licensee shall die or remove from the county or corporation, or have his certificate revoked, it shall be the duty of said clerk to make a note of the facts at the bottom of the page of the said licensee as closing his record. On the first day of January in each year said clerk shall, on the request of the board, certify to the president thereof a correct list of the licensees then registered in the county or corporation, together with such other information as said board may require. Any clerk, on conviction of knowingly violating any provision of this Act, shall be fined not more than fifty dollars ($50) for each offense. A copy of the "medical register" pertaining to any person certified to by said clerk under seal of court; also a certificate issued by said clerk, certifying that any person named has or has not registered in his office, as required by this Act, shall be admitted as evidence in all courts of this state.

Sec. 6. REGISTRATION OF CERTIFICATES; VERIFICATION CERTIFICATES; DUPLICATE CERTIFICATES; RECIPROCITY: Within one year after the passage of this Act all licensed practitioners of medicine in this state shall, as above provided, register their certificates to practice medicine in the office of the clerk of the circuit or corporation court of the county or corporation in which they reside. Legal practitioners of medicine practising under the provisions of previous laws who have not already received a license from a state medical examining board of this state, shall present to the board documents sufficient to establish the existence and validity of a diploma granted to each by some bona fide college of medicine, or to establish their exemption existing under any law, and shall receive from said board a verification license, which shall be recorded in the clerk's office of the circuit or corporation court of the county or city in which the licensee resides, as provided above for original licensees, and duly endorsed by the said clerk in like manner. Such verification license shall be issued for a fee of fifty (50) cents to all practitioners so qualifying who have not already received a license from a board of medical examiners of this state. It is especially provided that those whose claims to state license rest on having practiced in the state previous to the year 1885, shall present to the board satisfactory evidence of having legally practiced medicine in this state before 1885, or if an osteopath, before the year 1903. The board may, at its discretion, arrange for reciprocity with the authorities of other states and territories having requirements equal to those established by this Act. Certificates may be granted applicants to practice under such reciprocity on payment of a fee of fifty dollars ($50) to the secretary of the board. Legal practitioners who have lost their state board certificates must obtain duplicate certificates by furnishing to the secretary of the board satisfactory proofs of the issuance to the individual of the former certificates, and on the payment of a fee of one dollar ($1), and the

new certificates when issued must be registered as hereinbefore provided for original licenses.

Sec. 7. VIOLATIONS; TRIALS; POWERS OF BOARD IN REFUSING EXAMINATION: The State Board of Medical Examiners, or any member thereof, shall have power at any time to inquire into the identity of any person claiming to be a licensed or registered practitioner, and after due service on such person of a notice in writing, require him to make reasonable proof, satisfactory to the board that he is the identical person licensed to practice medicine under the license by virtue of which he claims the right to practice. If after such inquiry it is found that the person is practicing wrongfully, or if after due investigation by the above-named authorities, or any one of them, any person whatsoever is found to be violating any provision of this Act, it shall be the duty of such investigator to transmit to the commonwealth's attorney of the county or corporation wherein such person resides, or is or has been practicing or attempting to practice, all the evidence in their possession tending to establish such violation of this Act; and it shall be the duty of the said commonwealth's attorney to immediately prosecute such person for violation of this Act, if, in his opinion, the evidence so presented is sufficient to convict, and on trial the burden of proof shall be on the defendant to prove his right to practice. The board may refuse to admit persons to its examinations, or to issue the certificate provided for in this Act, or may revoke any certificate or verification certificate granted by it or by any other medical examining board of this state, in any of the following cases:

(a) A practitioner of medicine who is guilty of any crime or misdemeanor, or who is guilty of any fraud or deceit by which he was admitted to practice; or

(b) Is an habitual drunkard or habitually addicted to the use of morphin, opium, cocain or other drugs having a similar effect; or

(3) Who undertakes or engages in any manner or by any ways or means whatsoever, to procure or perform a criminal abortion, as the same is defined by the law of this state:

Provided, that any applicant who may be refused admittance to examination before said board, or who may be refused a certificate by said board, or who may have his certificate revoked by said board shall have the right of action to have such issue tried by the circuit court of the county or the corporation court of the city within whose jurisdiction he may reside, and the proceeding to try such issue shall be begun by the filing of a petition by such person in such court reciting the facts and making the said board the party defendant; whereon after due service of process on the member of said board residing in the congressional district in which said county or city is located, at least ten days before the trial, the court shall proceed to try the issue, the burden of proof being on the petitioner to establish his right to be examined, to be granted certificate, or to practice. It shall be the duty of the commonwealth's attorney of the said county or corporation to appear on behalf of the board and to file any answer that he may deem expedient on its behalf, and to defend the said action before the court. The judgment of the court on the issue tried shall be final. The board, or any member thereof, may investigate any person practicing or attempting to practice, or opening an office for the ostensible purpose of practicing medicine in this state, and may require such person to produce his certificate granted by the board, or document sufficient to establish his right to practice medicine under this Act; and, in case such person fails or refuses to so prove his right to practice, the investigator shall report the case to the commonwealth's attorney of the county or corporation wherein such person is practicing or attempting or offering to practice, and it shall be the duty of such commonwealth's attorney to immediately prosecute such persons for violating this Act, and on the trial of such person the burden of proof shall be on him to establish his right to practice.

Sec. 8. ADMISSION TO EXAMINATION; POWER OF BOARD: All applicants for certificates to practice medicine in this state after the passage of this Act must successfully pass an examination before the board of medical examiners established by this Act. The said board shall admit to examination any candidate who pays a fee of twenty-five dollars ($25) and submits evidence verified by affidavit and satisfactory to the board that he:

(a) Is 21 years of age or more.

(b) Is of good moral character.

(c) Had prior to beginning his first year of medical study the general education required preliminary to receiving the degree of bachelor or doctor of medicine of this state. This preliminary education shall meet the requirements of the Board of Education of the State of Virginia, and a certified statement from the superintendent of said board shall accompany the candidate's application.

(d) Has studied medicine not less than four school years, including four satisfactory courses of at least eight months each in four different calendar years in a medical school registered as maintaining a standard satisfactory to the State Board of Education. Such standard being based upon the grading of the American Medical Association and of the American Institute of Homeopathy, respectively. Virginia medical schools and Virginia medical students shall not be discriminated against by the registration of any medical school out of the state whose minimum graduation standard is less than that fixed by statute for Virginia medical schools. The above clause of subsection (d) shall not apply until April 1, 1914.

The board may in their discretion accept as the equivalent of the first year of requirement (d) evidence of graduation from a registered college course, provided that such college course shall have included not less than the minimum requirements prescribed by the board and by the State Board of Education for such admission to advanced standing.

The board may also at their discretion admit conditionally to the examination in anatomy and histology, physiology and embryology and chemistry, applicants 19 years of age, or more, certified as having studied medicine at some registered medical college not less than two years, including two satisfactory courses of at least eight months each, in two different calendar years, and of having passed in all of those medical branches at the said college, but the said college must be registered as maintaining at the time a standard satisfactory to the State Board of Education; provided, further, that such applicant must meet requirements b and c.

The board may also, at their discretion, accept as the equivalent of any part of requirements c and d five or more years of legal and reputable practice, and such candidate shall be exempted from taking the examination in anatomy and histology, and physiology, embryology and chemistry.

(e) Has either received the degree of bachelor or doctor of medicine from some registered medical school, or a diploma or license conferring full right to practice medicine in some foreign country, unless admitted conditionally to the examinations as specified above, in which case all qualifications, including the full period of study, the medical degree and the final examinations must be met. The degree of bachelor or doctor of medicine shall not be conferred in this state before the candidate has filed with the institution conferring it the certificate of the State Board of Education that before beginning the first annual medical course counted toward the degree, he had either graduated from a registered college or satisfactorily completed a full course in a registered academy or high school; or had a preliminary education considered and accepted by the State Board of Education as fully equivalent, or held a State Board of Education medical student certificate; or passed State Board of Education examinations securing sufficient academic counts, in accordance with the standard of the Association of American Medical Colleges, or their full equivalent, before beginning the first annual medical course counted toward the degree; provided, however, that when an applicant has failed to pass a satisfactory examination, he may appear before the board again once within one year without paying an additional fee; provided, that any person who shall produce before the said examining board a certificate from the judge of the circuit court and the commonwealth's attorney of the county in which he resides stating that in their opinion, from evidence produced before them, he was a practicing physician prior to the first day of January, 1895, then said examining board shall give to said person a certificate allowing said person to practice medicine in Virginia.

Sec. 9. EXPENDITURE OF FUNDS: The funds realized from all fees collected by the board shall be applied first to the payment of necessary expenses of the board; and remaining funds shall be applied by the order of the board for the compensation of the members of the board in proportion to their labors.

Sec. 10. CONDUCT OF EXAMINATIONS: All examinations shall be conducted in writing, together with practical tests when the majority of the board may deem necessary, and in such manner as shall be entirely fair and impartial to all individuals and every school of medicine, the applicants being known by numbers, without names or other methods of identification on examination papers by which members of the board may be able to identify such papers until after the applicants have been granted certificates or rejected. On satisfactory examination under the rules of board, applicants shall be granted certificates to practice medicine. All certificates shall be attested by the signature and seal of the president and secretary of the board, respectively.

Sec. 11. EXEMPTION FROM EXAMINATION; EXCEPTIONS: Nothing in this Act shall be construed to affect commissioned or contract medical officers serving in the United States Army, Navy, or Public Health Service, while so commissioned and in the performance of their duties, but such shall not engage in private practice without license from the Board of Medical Examiners of the state; or to affect any person while actually serving without salary or professional fees on the resident medical staff of any legally incorporated hospital; or any legally registered dentist exclusively engaged in practicing dentistry; or any non-itinerant person or manufacturer who mechanically fits or sells lenses, artificial eyes, limbs or other apparatus or appliances, or is engaged in the mechanical examination of eyes for the purpose of adjusting spectacles, eye-glasses or lenses; or any lawfully qualified practitioner from other states, territories or countries meeting legally registered practitioners in this state in consultation, but who do not open offices or appoint places in this state where patients may be met or called to be seen; or to limit in any way the manufacture or sale of proprietary medicines by licensed druggists in this state; or to the furnishing of medical assistance in cases of emergency; or to the domestic administration of family remedies; or to the practice of the religious tenets of any church in the ministration to the sick or suffering by mental or spiritual means without the use of any drug or material remedy, whether gratuitously or for compensation, provided sanitary laws are complied with; or to affect or interfere in any way with the operation of any hospital now established in this state; or to any person while engaged in conducting such hospital now established if there be a licensed practitioner resident and practicing therein; or to any person who commenced the practice of osteopathy in this state prior to January 1, 1903; or to any person who commenced the practice of chiropody in this state prior to January 1, 1911; or chiropractics practicing prior to January 1, 1913; or to nurses who practice nursing only; or to masseurs in their particular sphere of labor who publicly represent themselves as such.

This article shall be construed to apply to persons not pretending to be physicians, who offer for sale on the streets or other public places or leave gratuitously at residences, remedies which they recommend for the healing or curing of diseases. This article shall be construed to repeal all acts or parts of acts authorizing conferment of any degree in medicine causa honoris or ad eundem gradum or otherwise than on students duly graduated after satisfactory completion of a preliminary medical course not less than that required by this article as a condition of license. It is further provided that graduates of any sectarian school of medicine who profess to practice medicine according to the tenets of said schools shall fulfil all of the conditions of the board and of the State Board of Education, save that they may be exempted from taking the examination of the regulars on practice of medicine, materia medica and therapeutics. A license to practice such sectarian school of medicine shall not permit the holder thereof to administer drugs or practice surgery unless he has qualified himself so to do by examination before the board, nor shall it permit members of such sectarian schools now practicing in this state to perform surgery with the use of instruments, unless they satisfy the board that they have had adequate clinical facilities at their respective colleges of graduation, or by hospital work, to enable them to perform such operations.

It is further provided that chiropodists shall take the special examination as provided by the act to regulate chiropody and be limited in his practice according to the provisions of that act.

Sec. 12. DEFINITION OF THE PRACTICE OF MEDICINE: Any person shall be regarded as practicing medicine within the meaning of this Act (1) who opens an office for such purpose, or announces to the public in any way a readiness to practice medicine in any county or city of the state, or prescribes for, or gives surgical assistances, or heals, cures, or relieves those suffering from injury or deformity, or disease of mind or body, or advertises, or announces to the public in any manner a readiness or ability to heal, cure or relieve those who may be suffering from injury or deformity, or disease of mind or body; (2) or who shall use in connection with his name the words or letters "Dr.," "Doctor," "Professor," "M.D." or "Healer," or any other title, word, letter or designation intending to imply or designate him as a practitioner of medicine in any of its branches, or of being able to heal, cure or relieve those who may be suffering from injury or deformity or disease of mind and body.

Sec. 13. PENALTIES: Any person practicing medicine in this state in violation of the provisions of this Act, or otherwise violating the same, shall, on conviction thereof, be fined not less than fifty dollars ($50) nor more than five hundred dollars ($500), for each offense, and in addition may be imprisoned in the jail of the county or corporation in which convicted for a term not exceeding six (6) months, and each day of such violation shall constitute a separate offense; and in no case shall the violator be entitled to recover anything for the services rendered. And it shall be the duty of the clerk of the circuit court of the county, or the clerk of the corporation court of the city wherein such conviction is had to report the fact of the same to the Board of Medical Examiners, who shall thereon annul the license of the person convicted, if such person was a licensed practitioner.

Sec. 14. All acts or parts of acts of the general assembly of Virginia, and any section or sections of the Code of Virginia in conflict with the provisions hereof, especially an act entitled an act to regulate the practice of medicine and surgery in the state of Virginia, approved Feb. 22, 1894, and Sections 1744, 1745, 1746, 1747, 1748, 1749, 1750, 1751 and 1752 of the Code of Virginia of 1887, and all amendments thereto, are hereby repealed.

Sec. 15. Owing to the fact that there is an immediate necessity for the going into effect of this Act in order to properly regulate the practice of medicine in the state of Virginia, an emergency is declared to exist, and this Act shall be in force from its passage. Approved March 13, 1912.

The Higher Type of Laboratory Service

THE NATIONAL PATHOLOGICAL LABORATORIES are so equipped and so situated in respect to their four branches as to give the maximum of reliable service in a minimum amount of time, and at a reasonable cost, to two-thirds of the United States. With branches in New York City, Detroit, Chicago and St. Louis, our service is readily available to practically all physicians of the New England, North Atlantic, Southeastern, Southwestern and Middle states.

While our equipment, facilities and staffs of workers enable us to handle efficiently any and all of the required analyses of a modern diagnosis, we are also especially interested in the more complicated tests requiring the skill of a highly trained bacteriologist, serologist, pathologist or roentgenologist.

Each laboratory is directed by a clinical pathologist who has a reputation in pathology and its allied branches.

By careful and conscientious service, we have established our reputation for reliability and for honesty of purpose in serving the interests of patients through their physicians in such a way that full credit for an early and accurate aid in diagnosis may be obtained by the doctor himself.

We accept only work referred through physicians and hospitals. Correspondence regarding any special or complicated laboratory problem in our field is cordially invited.

MEDICAL PRACTICE LAW OF WASHINGTON

An Act

Relating to the practice of medicine and surgery, amending sections 8386, 8387, 8391, 8392, 8395, 8396, 8397, 8400, 8402, 8403 and 8405 of Remington & Ballinger's Annotated Codes and Statutes of Washington.

Be it enacted by the Legislature of the State of Washington:

Section 8386. MEMBERSHIP OF BOARD: The Governor shall appoint a board of medical examiners to be known as the Board of Medical Examiners of the State of Washington, consisting of nine members, who shall be appointed as follows: Seven members from the regular profession and two from the homeopathic profession. On the first day of July, 1919, the terms of the two members of the osteapathic profession shall terminate, and the Governor shall appoint in their place and stead two licensed practitioners of medicine and surgery of the regular profession who shall serve for the remainder of the respective terms of said osteopathic members. Except as herein provided, the appointment of each member shall be for a term of three years, and until his successor is appointed and qualified: Provided, That no member shall serve more than two consecutive terms. It shall require the affirmative vote of a majority of the members of said board to carry any motion or resolution, to adopt any rule, to pass any measure, or to authorize the issuance of any certificate as in this Act provided.

Sec. 8387. QUALIFICATION: Each member of said board shall, before entering upon the duties of his office, take the constitutional oath of office, and shall, in addition, make oath that he is a graduate in medicine and surgery, and a licensed practitioner of medicine and surgery of this State. The president and secretary are hereby empowered to administer the oath of office.

Sec. 8391. LICENSE; QUALIFICATION THEREFOR: Only one form of certificate shall be issued by the said board. Such certificate shall be under the seal of the board and signed by the president and secretary, and shall authorize the holder thereof to practice medicine and surgery within this state. Upon compliance with the requirements of this act by an applicant for a license to practice medicine and surgery in this state, the board shall issue such certificate, authorizing the holder thereof to use drugs or what are known as medicinal preparations in or upon human beings and to sever or penetrate the tissues of human beings and to use any and all other methods in the treatment of diseases, injuries, deformities, or other physical or mental conditions. In orders to procure a certificate to practice medicine and surgery, the applicant for such certificate must file with said board at least thirty days prior to a regular meeting thereof, satisfactory testimonials of his moral character, and a diploma issued by some legally chartered medical school, the requirements of which shall have been at the time of granting such diploma in no particular less than those prescribed by the Association of American Medical Colleges for that year, or satisfactory evidence of having possessed such diploma, and he must file with such diploma an application sworn to before some person authorized to administer oaths, and attested by the hand and seal of such officer, if he have a seal, stating that he is the person named in said diploma, that he is the lawful holder thereof, and that the same was procured in the regular course of instruction and examination, without fraud or misrepresentation.

HOSPITAL INTERNSHIP: From and after July 1, 1919, applicant must have served for not less than one year as intern in a thoroughly equipped hospital which shall have at least twenty-five beds for each intern, devoted to the treatment of medical, surgical, gynecological and special diseases, and must have attended or participated in at least six confinements. He shall furnish evidence that he has had some experience in, and a practical working knowledge of pathology, and the administration of anaesthetics: Provided, That when an applicant who has graduated before July 1, 1919, has not completed one year as intern as above provided, he must furnish evidence that he has been engaged in the active practice of medicine and surgery for a period of at least two years prior to that date. The said application shall be made upon a blank furnished by said board, and it shall contain such information concerning said medical instruction and the preliminary education of the applicant as said board may by rule provide. Applicants who have failed to meet the requirements must be rejected.

Sec. 8392. EXAMINATION: In addition to the requirements above set forth, such applicants for a certificate must be personally examined by said board as to their qualifications. The examination shall be conducted in the English language, shall be practical in character and designed to discover the applicant's fitness to practice medicine and surgery, and shall be, in whole or in part, in writing on the following fundamental subjects, to-wit: Anatomy, histology, gynecology, pathology, bacteriology, chemistry, toxicology, physiology, obstetrics, general diagnosis, hygiene, practice of medicine and surgery and any other branches thereof that the board shall deem advisable. Examinations in each subject shall consist of not less than ten questions, answers to which shall be marked upon a scale of zero to ten. All applicants must obtain not less than sixty per cent in any one subject: Provided, that applicants who can show at least ten years of reputable practice shall be granted a credit of five per cent. upon the general average, and five per cent. additional for each subsequent ten years of such practice. The examination papers shall be kept on file by the secretary for a period of one year after each examination. In said examination the applicant shall be known and designated by number only, and the name attached to the number shall be kept secret until after the board has finally voted upon the application.

Sec. 8395. RECORDING LICENSE: Every person holding a certificate authorizing him to practice medicine and surgery in this state, must have it recorded in the office of the county clerk of the county in which the holder of said certificates is practicing his profession, and the fact of such recording shall be indorsed on the certificate by the county clerk recording the same. Every such person, on each change of his residence, must have the certificate recorded in the county to which he shall have changed his residence. The absence of such record shall be prima facie evidence of the want of possession of such certificate. And any person holding a certificate to practice medicine and surgery in this state who shall attempt to practice medicine or surgery in this state, without first having filed his certificate with the county clerk as herein provided shall be guilty of a misdemeanor.

Sec. 8396. COUNTY RECORD: The county clerk shall keep in a book provided for the purpose, a complete list of the certificates recorded by him, with the date of the record; and said book shall be open to public inspection during his office hours. The county clerk shall forthwith give written notice to the secretary of the board, notifying him of the name of each licensee recorded after this act shall go into effect, together with the date of such recording.

Sec. 8397. REFUSAL AND REVOKING OF LICENSE: Said board must refuse a certificate to any applicant guilty of unprofessional conduct; but before such refusal the applicant must be cited by citation, signed by the secretary of the board, and sealed with its seal. No such citation shall be issued except upon a sworn complaint filed with the secretary of the board, charging the applicant with having been guilty of unprofessional conduct, and setting forth the particular act constituting such unprofessional conduct. On filing of such complaint the secretary must forthwith issue a citation and make the same returnable at a regular or special meeting of said board, occurring at least thirty days next after filing the complaint. Such citation shall notify the applicant of the time and place when and where the matter of said unprofessional conduct shall be heard, the particular unprofessional conduct with which the applicant is charged, and that the applicant shall file his written answer, under oath, within twenty days next after service upon him of said citation, or default will be taken against him, and his application for certificate refused. The attendance of witnesses as such hearing shall be compelled by subpoenas issued by the secretary of the board under its seal; and said secretary shall in no case refuse to issue any such subpoena, upon a fee of twenty cents being paid him for each subpoena. Said citation and said subpoenas shall be served in accordance with the statutes of this state then in force as to the service of summons and subpoenas generally and all provisions of the statutes of this state then in force relating to subpoenas are hereby made applicable to the subpoenas provided for herein. If any person refuses to obey a subpoena served upon him in accordance with the statutes of this state then in force providing for the manner of serving subpoenas, the fact of such refusal shall be certified by the secretary of said board, under the seal thereof, to the superior court of the county in which the service was had and the said court shall thereupon proceed to hear said matter in accordance with the statutes of this state then in force as to contempt for disobedience of process of the court, and should said court find that the subpoena had been legally served and that the party so served has wilfully disobeyed the same, it shall proceed to impose such penalty as provided in cases of contempt of court. In all cases of alleged unprofessional conduct arising under this act, testimonies of witnesses may be taken, the same as in civil cases, and all the provisions of the statutes of this state then

in force as to the taking of testimony, are hereby made applicable to the taking of depositions under this section. If the applicant shall fail to file with the secretary of said board his answer, under oath, to the charges made against him, within twenty days after service on him of said citation or within such further time as the board may give him, and the charges on their face be deemed sufficient by the board, default shall be entered against him and his application refused. If the charges on their face be deemed sufficient by the board, and issue be joined thereon by answer, the board shall proceed to determine the matter, and to that end shall hear such evidence as may be adduced before it; and if it appear to the satisfaction of the board that the applicant is guilty as charged, no certificate shall be issued to him. No certificate shall be refused on the grounds of unprofessional conduct unless the applicant has been guilty of such conduct within two years next preceding his application. Whenever any holder of a certificate to practice medicine and surgery in this state is guilty of unprofessional conduct, as the same is defined in this act, and said unprofessional conduct has been brought to the attention of the board in the manner hereinafter pointed out, or whenever a certificate has been procured by fraud or misrepresentation, or issued by mistake, it shall be their duty to, and they must, revoke the same at once, and the holder of said certificate shall not be permitted to practice medicine and surgery in this state. But no such revocation shall be made unless such holder is cited to appear and the same proceedings are had as is hereinbefore provided in this section in case of refusal to issue certificates. Said secretary in all cases of revocation shall enter on his register the fact of such revocation under the seal of the board, to the county clerk of each county in which the certificate of the person whose certificate has been revoked is recorded; and said clerk must thereupon write upon the margin or across the face of his register of the certificate of such person, the following: "This certificate was revoked on the ——— day of ———," giving the day, month and year of revocation in accordance with certification to him by the secretary. The record of such revocation so made by said county clerk shall be prima facie evidence of the fact thereof, and of the regularity of all the proceedings of said board in the matter of said revocation. From the time of the revocation of a certificate the holder thereof shall be disqualified from practicing medicine or surgery in this state.

Sec. 8400. PRACTICE OF MEDICINE DEFINED: Any person who shall practice or attempt to practice, or hold himself out as practicing medicine and surgery in this state, without having, at the time of so doing, a valid, unrevoked certificate as provided in this act, shall be guilty of a misdemeanor. In each such conviction the fine shall be paid, when collected, to the state treasurer, and shall constitute a special fund for the prosecution of illegal practitioners as defined in this act, and the said board is authorized to prosecute all persons guilty of a violation of the provisions of this act.

Sec. 8402. PENALTIES: Any person assuming to act as a member of the state board of medical examiners without so being, or who shall sign, or subscribe, or issue, or cause to be issued, or seal, or cause to be sealed, a certificate authorizing any person to practice medicine or surgery in this state, shall be guilty of a misdemeanor.

Sec. 8403. CONTINUATION OF OLD LICENSES: Any person who holds a license authorizing him to practice medicine and surgery from the board of medical examiners heretofore existing, under the provisions of any laws of this state, past or present, shall be entitled to practice medicine and surgery in this state the same as if issued under this act; and said board is hereby authorized to issue under proper application, but without examination, certificates to practice medicine and surgery to any persons who were legally practicing medicine and surgery in this state prior to the organization of the first board of medical examiners in 1890, and also to any persons who are the legal holders of certifiactes of examination from the National Medical Examing Board: Provided, however, that all licenses herein mentioned may be revoked for unprofessional conduct, in the same manner and upon the same grounds as if issued under this act.

Sec. 8404. RECIPROCITY: Any applicants for a certificate, who have been examined and licensed by a state board of medical examiners of another state, which through a reciprocity provision in its law, similarly accredits the holders of certificates from the board of medical examiners of this state to the full privileges of practice within its boundaries, on payment of a fee of $25,00 to the board, and on filing with the secretary of the board a copy of such license certified by the president or secretary of the state board of medical examiners issuing the same to be a full, true copy thereof, and showing also that the standard of requirements adopted by such state board of medical examiners as provided by the law of such state is equal to that provided for by the provisions of this act, shall without further examinations receive a certificate to practice medicine and surgery in this state: Provided, that such applicant has not previously failed at an examination held by the board of medical examiners of this state.

Sec. 8405. EXEMPTIONS: Nothing in this act shall be construed to prohibit service in the case of emergency, or the domestic administration of family remedies, or the practice of midwifery; nor shall this act apply to any commissioned medical officer in the United States army, navy or marine hospital service, in the discharge of his official duties; nor to any licensed dentist when engaged exclusively in the practice of dentistry; nor shall this act apply to any practitioner from any other state or territory in which he resides: Provided, that such practitioner shall not open an office or appoint a place of meeting patients or receive calls within the limits of this state. This act shall not be construed to apply in any manner to the practice of osteopathy or to any drugless method of treating the sick or afflicted, or to apply to or interfere in any way with the practice of religion or any kind of treatment by prayer; nor to any person now holding a license from the state board of medical examiners for any system of drugless practice.

Sec. 13. That sections 8389 and 8406 of Rem. & Bal. Code are hereby repealed: Provided, that those who were shown to be entitled to licenses as applicants of June, 1909 under the supreme court decision In re Christensen reported in 59 Washington, be issued license to practice.

Passed the House, February 17, 1919.
Passed the Senate, March 10, 1919.
Approved by the Governor, March 15, 1919.

X-RAY INVESTMENT INSURANCE

Before you invest in stocks or bonds, you use every means at your command to ascertain the soundness of the issue, the financial responsibility and the personnel of the organization soliciting your confidence.

A reliable x-ray equipment represents another kind of investment, but its your money that's involved just the same.

The keystone of the Victor X-Ray Corporation is: Responsibility to every purchaser of Victor apparatus. Each time the prospective buyer "looks us up" we realize an advantage—so does he.

Thirty years of conscientious effort to lead, rather than follow, is only one of the reasons for the predominance of Victor apparatus amongst the discriminating.

Buy Victor—a "safety first" on your investment.

Applying Physical Therapy In Medical Practice

Physical Therapeutics, a few years ago, was used by a comparatively few physicians to any appreciable extent, because only these few had investigated thoroughly and studied the subject sufficiently to be able to *apply these means intelligently.*

Physical Therapy is today established as an important means to successful medical practice. It has come into its own by the remarkable results accomplished during and since the war, by the U. S Army Medical Department, also by the British and French Armies. The value of physical therapy is therefore no longer in doubt.

One of the first essentials for successful application of physical therapy modalities is: Correctly designed apparatus of a dependable quality that inspires confidence.

Victor Physical Therapy Apparatus

has served in the field of medical science for over twenty-five years. It embodies the skill and experience of craftsmen who have been specializing in the manufacture of electrical needs of the medical profession these many years. Victor apparatus therefore passed the experimental stage long ago—it is fully developed and being kept abreast of the times.

Let us give you full particulars on equipment suitable to your individual practice. We have a number of clinical reprints that are of pertinent interest—they will be mailed you upon request.

To Amend and Reenact Subsection Two of Section One; Subsection Five of Section One, Section Two, Section Six; All of Chapter One Hundred and Fifty of Barnes' Code of One Thousand Nine Hundred and Sixteen, and to Add to Said Chapter Section Three-A and Section Six-A, All Relating to the Public Health.

Be it Enacted by the Legislature of West Virginia:

That Subsection Two of Section One, Subsection Five of Section One, Section Two and Section Six of Chapter One Hundred and Fifty of Barnes' Code of One Thousand Nine Hundred and Sixteen Be Amended and Reenacted and that the Section Three-A and Section Six-A Be Added to Said Chapter One Hundred and Fifty all to read as follows:

Subsection 2. COMMISSIONER OF HEALTH: The commissioner shall be appointed by the governor, by and with the consent of the senate, and shall be a physician skilled in sanitary science, and experienced in public health administration. The term of office of the commissioner of health shall be four years; he shall, after the first day of July, 1919, receive an annual salary of forty-eight hundred dollars ($4800) and actual expenses incurred in the performance of official business, "which salary shall be in full for all services." The commissioner of health shall be the administrative head of the State Department of Health and he shall be ex-officio a member of its public health council. His duties shall be to administer the laws and regulations of the department; to prepare rules and regulations for the consideration of the public health council; and with the approval of said council to appoint, remove and fix the compensation of the directors of divisions and all other employes; but said compensation shall be within the limitations of appropriations therefor; to advise with the public health council, keep himself informed as to the worth of each local health officer within the state; aid each health officer in the performance of his duties; assist each local health officer in making an annual sanitary survey of the territory within his jurisdiction, and in maintaining therein a continuous sanitary supervision; adjust questions of jurisdiction arising between local health officers within the state; study the cause of excessive mortality or morbidity from any disease in any portion of the state; promote efficient registration of births, deaths and notifiable diseases; inspect and report from time to time the sanitary condition of institutions, schools and school houses, public conveyances, dairies, creameries, slaughter houses, workshops, factories, labor camps, hotels and places where offensive trades or industries are conducted; inspect and report the sanitary condition of streams, sources of water supply and sewerage facilities; endeavor to enlist the cooperation of all physicians, and volunteer health organizations in the improvement of public health; promulgate information to the general public in all matters pertaining to the public health. He shall perform all executive duties now required by law of the State Board of Health and other customary duties incident to his position as chief executive officer, and shall provide for offices and equipment necessary for the transaction of the business of the State Department of Health. He shall submit annually to the governor on or before the first day of November, or as soon thereafter as practicable, a report of the operations of the department, with any recommendations he may have to make, which report shall be printed and distributed as soon as practicable thereafter in the same manner as other public documents of the state. The commissioner, whenever required by the governor, shall report to him as to any designated subject or matter, and furnish such information as may be required. The commissioner of health may direct any official or employe of the State Department of Health to assist in the study, control, suppression and prevention of diseases in any part of the state, and necessary expenses shall be paid while in the performance of such duty.

Subsec. 5. DIVISION OF DEPARTMENT; DIRECTORS: There shall be in the State Department of Health the following Divisions:

Division of preventable diseases;
Division of sanitary engineering;
Division of vital statistics;
Division of child welfare and public health nursing.

The commissioner of health shall appoint, with the advice of the public health council, a director to take charge of each division, and shall prescribe, with the advice of the public health council, the duties pertaining to each division and arrangement of the subdivision, if any, thereof.

Sec. 2. FUNCTIONS OF DEPARTMENT: The State Department of Health shall have the authority to enforce all the laws of the state concerning the public health, and shall take care to protect the life and health of the inhabitants of the state, and to that end shall make or cause to be made sanitary investigations and inquiries respecting the cause of disease, especially of epidemics, endemics and the means of prevention, suppression or control, the source of mortality and the effects of localities, employments, habits and circumstances of life on the public health, and shall gather information in respect to these matters and kindred subjects for diffusion among the people. It shall inspect and examine food, drink and drugs offered for sale or public consumption in such manner as shall be deemed necessary, and shall report all violations of all laws of this state relating to pure food, drink and drugs to the prosecuting attorney of the county in which such violations occur, and lay before such prosecuting attorney the evidence in its knowledge of such violations. The commissioner of health or any member of the public health council, may make complaint and cause proceedings to be instituted against any person or persons or corporation for the violation of any of the health laws of this state, without the sanction of the prosecuting attorney of the county in which proceedings are instituted, if said officer fail to refuse or discharge his duty, and in no such cases shall they be required to give security for costs.

Whenever the character and location of plumbing, drainage, water supply, sewers and disposal of sewage, garbage or other waste materials of cities, towns and villages, offensive trades, hotels and labor camps; and the ventilation, warming, natural lighting and excreta disposals in public utilities, in public halls, churches, school houses, workshops, prisons and all other public institutions, are such as to endanger the public health, the public health council shall have power to make and enforce rules regulating the same. "Whenever, in the opinion of the State Department of Health or the state health commissioner, the location or outfall of a sewer constitutes a nuisance or is a menace to public health, the state health commissioner shall have the power to order such changes as may be necessary to secure public comfort or safety." The public health council shall promulgate and recommend regulations, not inconsistent with law, governing the disposal of excreta in coal mines, examine into and advise with the chief of Department of Mines as to the ventilation of coal mines, and how to treat promptly accidents resulting from poisonous gases. Nothing herein contained shall be construed to give the State Department of Health the power to regulate or interfere with the drainage from any mine or manufacturing plant unless the drainage from said mine or manufacturing plant shall contain disease-producing bacteria in sufficient numbers to endanger health. The State Department of Health is empowered to establish and strictly maintain quarantine at such places as it may deem proper, "and forbid and prevent the assemblying of the people in any place when the public health council or the state commissioner of health or any county or municipal health officer deems that the public health and safety so demand," and may adopt rules and regulations to obstruct and prevent the introduction or spread of smallpox or other contagious or infectious diseases into or within the state, and shall have the power to enforce these regulations by detention and arrest, if necessary. It shall have power to enter into any town, city, factory, railroad train, steamboat, or other place whatsoever, and enter upon and inspect private property for the purpose of investigating the sanitary and hygienic conditions and the presence of cases of contagious and infectious diseases, and may, at its discretion, take charge of any epidemic conditions, and enforce such regulations as it may prescribe. All expenses incurred in controlling any endemic or epidemic conditions shall be paid by the county or municipality in which such epidemic occurs. The State Department of Health shall provide, at its discretion, vaccine lymph, diphtheria, antitoxin, tetanus antitoxin, and other forms of serum or vaccine preventives that it may deem necessary, and distribute same free of charge to county and municipal health officers, to be used for the benefit of the poor and indigent, and in other cases where it may be urgently necessary to check contagions and control epidemics. The commissioner of health or any county or municipal health officer shall inquire into and investigate all nuisances affecting the public health in any county, city or village in the state, and is authorized and empowered to apply to the judges or to any judge of the circuit court for the county in which such nuisance shall exist, in term or vacation, for an injunction forthwith to restrain, prevent, or abate such nuisances. The public health council shall make regulations to provide clean and safe milk and fresh milk products, and when promulgated these regu-

lations shall be the minimum requirements to be enforced by local health authorities throughout the state.

Sec. 3a. Any county court or municipal council shall have the power and authority to provide for a full-time health officer and the expenses of his administration, who shall give his entire time to the duties of his employment, and the general health and sanitation of his county or municipality, medical attendance upon the indigent of the county in the infirmary and perform such duties in relation thereto as may be prescribed by order of the court or ordinance of the municipality duly entered; and may levy a county or municipal tax as the case may be for that purpose of not exceeding three cents (3c) on a hundred dollars ($100) valuation as is shown in the last assessment for county and municipal taxes.

Sec. 6. COUNTY HEALTH OFFICER AND BOARD; CITY BOARDS: It shall be the duty of the public health council, upon the recommendation of the county court of the county, to appoint in each county in this state one legally qualified physician who shall be known as the county health officer. His first term of office shall begin July 1, 1913, and continue for a period of four years, unless removed by said State Board of Health for good cause. "It shall also be the duty of the public health council upon the recommendation of the proper authority of any municipality to appoint in such municipality one health officer whose term of office shall begin July 1, 1919, and continue for a period of two years, unless sooner removed by the said municipality or by the public health council. Should the public health council fail to confirm the nomination of the person recommended as county or municipal health officer, or should the public health council or other municipal or county authority remove any such officer, another nomination shall be at once made to the public health council." The county health officer shall receive an official salary of not less than one hundred dollars ($100), and such other amount as the county court may add for additional services, and actual expenses necessary for traveling expenses, unless for work especially done under orders of the State Board of Health. The salary of the county health officer shall be paid out of the treasury of the county, and he, together with the president of the county court and the prosecuting attorney, shall constitute the County Board of Health, of which the county health officer shall be the executive officer. The County Board of Health shall exercise all the powers, rules and regulations of the state board so far as applicable to such county. It shall be the duty of every practicing physician to report to the "municipal health officer, where there is such official, immediately on diagnosis, every case of contagious or infectious disease that may arise or come under his treatment with the municipality, and to the county health officer cases occurring outside of the municipality. The health officer receiving such reports shall make to the state health department a weekly report of all such cases, stating the number of each kind of disease reported, the action taken to arrest the infection, and the result." The jurisdiction of the county boards of health shall not extend to any town or city in this state having a health board of its own, but they may be and are auxiliary to each other, and all city, town and village boards of health, or health officers are secondary to, and subject to all orders of the state council, which may, if deemed expedient, act through the county or municipal board. Any failure to comply with any of the provisions of this section shall be considered a misdemeanor, and upon conviction thereof the offender be fined not more than one hundred dollars ($100). (Acts one thousand eight hundred and eighty-two, c-ninety-three; one thousand eight hundred and eighty-seven, c-sixty-four; one thousand nine hundred and seven, regular session, c-sixty-one; one thousand nine hundred and thirteen, c-twenty-four.)

Sec. 6a. STATE HEALTH DEPARTMENT TO INSPECT PLANS FOR WATER AND SEWERAGE PLANTS: Said public health council shall consult with and advise the authorities of cities and towns, and persons having, or about to have, systems of water supply, drainage or sewerage as to the most appropriate source of water supply, and the best method of assuring its purity or as to the best method of disposing of their drainage or sewage with reference to the existing and future needs of other cities, towns or persons which may be affected thereby. It shall also consult with and advise persons engaged or intending to engage in any manufacturing or other business whose drainage or sewage may tend to pollute any inland water as to the best method of preventing such pollution, and it may conduct experiments to determine the best methods of the purification or disposal of drainage or sewages. No person shall be require to bear the expenses of such consultation, advice or experiment. Cities, towns and persons shall submit to said public health council for its advice their proposed system of water supply or of the disposal of drainage or sewage. In this section the term "drainage" means rainfall, surface and subsoil water only, and "sewage" means domestic and manufacturing filth and refuse. No city, town or village, and no person, firm, or corporation shall establish any system of drainage, sewerage, or water supply system until the same shall have been approved in writing by the state health commissioner; and any municipality, person, firm or corporation which shall violate the requirements of this section shall be deemed guilty of a misdemeanor and upon conviction thereof fined not less than one hundred dollars ($100) nor more than five hundred dollars ($500).
